

Man Blown To Pieces When Hit By Auto Driven By Girl

Sane Rules For Motor Traffic Big Need; Stop Arrests To Get Revenue

The need of sane and practical rules for the governing of automobile traffic in Glendale is the demand of the hour.

We must concede that the intelligence of automobile drivers in Glendale is up to or beyond the average intelligence of automobile operators in other municipalities.

Notwithstanding these very favorable conditions, there are hundreds of arrests made every month charging men and women guilty of breaking the traffic laws of Glendale.

What is the trouble? Wherein does the fault lie? All concerned should be interested in promoting peace and harmony within the city, but, contrary to that, there is an existence of discord.

What man or what set of men can solve the motor traffic problem now before us? All agree that there must be some way of checking the dangers resulting from the desires of the speed fiend.

The appeal for aid in the settlement of traffic problems is, therefore, made only to the law-abiding citizen—to the citizen whose desire is to promote law and order in the land, and it is from this class of people, properly organized, that the aid will come.

Now let the start in the reform be made by requiring everyone, before being allowed to operate an automobile, pass a practical examination as to his knowledge of the steering mechanism of the car to be driven, and the laws governing the driving of an automobile on the public roads.

Schools of instruction should be established and conducted for the benefit of boys and girls who wish to become eligible to drive an automobile. In many instances it would be necessary to include men and women in the list of school attendants.

Fines for city revenue purposes should be discontinued. If necessary to impose a fine, have it go to charitable institutions, thus making impossible any temptation to have fines imposed for revenue purposes.

All persons whose duties are to serve as officers in the motor department should be expert motor men, having a practical experience in operating cars.

In all organization work, it is essential to get the cooperation and good will of the people. Success in anything can never be attained by arbitrary methods.

In conclusion, let it be clearly understood that The Evening News does not stand for reckless driving, but it does stand for modern methods of cooperation among an intelligent class of people, and believes that the present system of fines for revenue purposes is an insult to the motoring public.

The Glendale Traffic commission, several months ago appointed by the City Council, is amply able to work out a scheme that will be endorsed by the people and adopted by the council.

DEMANDS LEOPOLD, LOEB HANG!

SUB-COMMITTEES MAKE LAST OF REPORTS FOR PROPOSED BOND ISSUES

Suggest \$685,000 For Enlarging City Water System and Supply; Need \$157,000 For New Parks; Minority Member Submits Protest

Final reports from two sub-committees of the Citizens' Bond committee, and a supplementary report from another sub-committee, were read at the meeting of the committee as a whole this morning at the auditorium of the Harvard High school.

With all reports in, the members of the Citizens' Bond committee, representing various service and civic clubs and organizations of Glendale, will meet next week to take formal action on the recommendations made by the sub-committees relative to bond issues for proposed civic improvements.

Water Supply, Parks The final reports read today were: Enlarging water system and supply. A bond issue of \$135,000 for the purchase of additional land, and another bond issue of \$550,000 for needed improvements and additions to the water system, were recommended by the sub-committee.

Acquisition of city parks. A majority report from this sub-committee recommended a bond issue of \$35,000 for a park in the southern part of the city, and another bond issue of \$122,500 for a park in the northern portion of Glendale.

Proposes Bridge Bonds The supplementary report was: Bridges over Verdugo wash. The sub-committee, which recommended last week that this matter be held in abeyance, today recommended a bond issue of \$3,000 for repairing bridges inasmuch as no provision had been made in the city budget for this work.

Tells of Inquiry To assist him in explaining the various parts of the report, Mr. Richards made use of a large map showing the location of the present reservoirs, the locations of the proposed reservoirs, the present trunk lines and mains, and suggestions for new trunk lines and mains.

Mr. Richards spoke at length on the exhaustive investigation made by the members of the sub-committee, the searching of records and reports in the office of Peter Diederich, superintendent of plant and production, and the meetings held by the sub-committee before the final report was drafted.

Water System Report The report, which the members of the committee of the whole voted to accept and discuss at the next meeting, follows in full: "Your sub-committee on water supply begs to report as follows: Your committee has spent two days inspecting the present water system, in company with Mr. Diederich, our city superintendent of plants and production. This inspection included the water bearing ground located near Grand View and San Fernando Road, the new reservoir at Tenth and Western avenue, the Verdugo Canyon reservoir, as well as the proposed reservoir sites and locations of proposed water development, trunk lines, and so forth.

Attached to this report is a map of the city of Glendale, showing the principal features of our present system in heavy black lines, and also the proposed improvements in heavy broken black lines. This map is referred to from time to time in this report, and is made a part hereof.

"In addition, your committee has had several meetings, some of which were held in the office of the superintendent of plants and production, where Mr. Diederich gave very freely of his time and supplied our committee with

information. The situation, boiled down, is this: The bankers do not want the reparations commission to have full power to declare Germany in default and to exact sanctions, feeling that such a course would jeopardize their chance of collecting on the bonds.

(Turn to page 10, cols. 1-2-3-4)

Suggested Items Reach Total Of Nearly 2 Million

Recommendation to Receive Formal Action at Meeting On Thursday, July 31

When the Citizens' Bond committee was organized ten propositions were submitted to the members by City Manager V. B. Stone. The committee as a whole is made up of one representative from each of the various service and civic clubs and organizations in Glendale, appointed at the suggestion of city officials.

At the first meeting of the committee a committee on committees was named and instructed to appoint ten sub-committees, one for each proposition submitted by the city manager. These sub-committees have completed their final reports on the various items listed by City Manager Stone, the last reports being read at the meeting held this morning.

The ten propositions and the recommendations made by the sub-committees follow:

1 Additional fire stations and equipment. Bond issue of \$60,000 recommended.

2 Modern fire alarm system. This project combined with Proposition No. 3.

3 Modern police alarm system. This project combined with Proposition No. 2, and one sub-committee reported on both, recommending a bond issue of \$99,723.

4 Civic center and city hall expansion. Bond issue of \$650,000 recommended for the purchase of the Harvard High school property, and improvement of buildings thereon.

5 Bridges over Verdugo wash. Bond issue of \$3000 recommended, the amount to be used for repairing and improving the present bridges, and another bond issue later for new bridges suggested.

6 Enlarging water system and supply. Bond issue of \$685,000 recommended; installation of additional main line trunks and more reservoirs suggested; also additional property secured.

7 Auxiliary power plant for Glendale. Sub-committee recommends no bond issue at the present time for a power plant.

8 Acquisition of city parks. Majority and minority reports submitted. Majority report recommends bond issue of \$157,500. Minority report against any bond issue for park purchases.

9 Modern disposal of garbage. Bond issue of \$50,000 for installation of incinerator plant of dry type recommended.

10 Founding of municipal hospital. Sub-committee recommends no bond issue for this project at the present time. The total amount of bonds recommended on the seven propositions acted upon favorably by the sub-committees asked to make investigations and reports total \$1,705,223.

SEWER BOND SALE SOON ORDERED

Indications Competition to Purchase City's Issue Will Be Keen

Representatives from a prominent Los Angeles bond company conferred this morning with Ray L. Morrow, city attorney and acting city manager, regarding the purchase of the \$1,600,000 issue of municipal sewer bonds that will shortly be placed on the market, the proceeds to be used for construction of the Glendale sewer system that is to connect with the Los Angeles outfall sewer.

Indications are that competition for purchase of the bonds will be keen.

Last Steps Taken All the steps outlined by this firm to be performed by the cities of Glendale and Los Angeles, in order to validate such an issue, have been performed, Mr. Morrow stated, the last step being the passage last week by the Los Angeles City Council of an ordinance granting Glendale the right to construct sewers in the Los Angeles city streets.

While the Los Angeles city charter requires that thirty days must elapse after the passage of an ordinance, before it becomes effective, no time is being lost by the city of Glendale in making ready for sale of the bonds and starting of work on this project which is conceded to be vital to the continued growth of the city, Mr. Morrow declared.

Bonds to Be Offered When the validity of the proposed issue of bonds has been passed upon by the law firm of O'Melveny-Miliken-Tuller & MacNeil, the bonds will be offered for sale, but not prior to thirty days from passage of the last ordinance by the Los Angeles City Council.

Another step that must be taken before contracts can be let for construction of the sewer, according to Mr. Morrow, is to secure approval by the board of public works of the city of Los Angeles, of plans and specifications for construction of such portions of the sewer as are to be laid within the Los Angeles city limits, as provided in the contract now in effect between the two cities. These plans are now in the hands of the board of public works.

Sale Is Cancelled A previous issue of \$652,000 of the \$1,600,000 worth of bonds authorized by voters of the city of Glendale had been sold to a syndicate headed by the Anglo London Paris company, a Los Angeles and San Francisco bond house.

This sale was cancelled when attorneys employed by the syndicate questioned the validity of the bonds, thus causing the city of Glendale to start the proceedings over again, practically from the beginning in order to prepare the legal grounds for an issue of bonds that would be pronounced valid.

The members of the Citizens' Bond committee, meeting as a committee of the whole, will take formal action on these recommendations at the meeting to be held in the auditorium of the Harvard High school at 7:30 o'clock Thursday night, July 31.

Arizona Lifts Ban on California Visitors PHOENIX, July 23.—Disinfection of trails and automobile passengers from California required in the Arizona foot and mouth disease quarantine regulations, will be discontinued Saturday morning by order of Governor Hunt, it was announced today. Shipment of all baggage into Arizona from California is to be permitted. No modification of the state's ban against the shipment of cattle from California is contemplated at present, it was said.

MILLIONAIRE DEAD ROCKLIN, Cal., July 23.—J. Parker Whitney, 44, millionaire club man, died at his home here today. Death came suddenly and was due to heart failure. He was the son of Joel Parker Whitney, wealthy ranch and mine owner and member of the pioneer Whitney family.

Studies Cost One Wife; Vollmer Weds Again In Oakland

OAKLAND, July 23.—August Vollmer, internationally known criminologist, organizer of the scientific Berkeley police and recently chief of police in Los Angeles, who once lost at love because he spent too much time at his criminological studies, today claimed a second bride, Miss Millicent F. Gardner of New York and San Francisco. No announcement preceded the wedding which was learned when Vollmer and Miss Gardner applied for a marriage license. Vollmer's first wife, Mrs. Lydia Sturdevant Vollmer, noted Berkeley musician, several years ago obtained a divorce on allegations that he devoted more time to scientific studies than to the role of devoted husband.

PROSECUTOR INSISTS ON EXTREME PENALTY

State Intimates Judge to Hear 'Secret Evidence' Concerning Youths

By CARL W. HARRIS For International News Service. CHICAGO, July 23.—The groundwork on which civilization's demand for vengeance on the youthful slayers of Robert Franks would be made was laid here today.

"Death by hanging for the most atrocious crime in the history of American jurisprudence"—this was the demand of State's Attorney Robert Crowe.

"A lesser penalty—because it would add only another crime if these two young men were to hang by the neck," was the plea of Clarence Darrow, chief of defense counsel.

And while these two argued over the lives of the defendants, the two youths, Nathan Leopold, Jr. and Richard Loeb, sat like unconcerned spectators, supermen outwardly, even in the shadow of the gallows.

Except for an occasional involuntary clutching at his collar by Loeb, neither defendant exhibited any emotion and neither looked at Jacob Franks, as the aged man, his face lined with grief and his eyes glazed with starting tears, sat in the witness chair, duly identifying the clothing worn by his little boy the day he was murdered.

Bereaved Mother There As exhibit after exhibit was handed to him, shoes, a stocking, a belt buckle, a clasp pin—his control visibly left him. He coughed awkwardly several times before replying to prosecution's questions; his fingers clasped and unclasped nervously as he occasionally looked straight out into the little courtroom to where an elderly woman, dressed all in black, her motherly face showing traces of recent tears, looked blandly ahead. She was Mrs. Franks, mother of the slain boy, who, at the last moment had decided to attend today's court session.

The addresses of the opposing counsel brought out but three salient points: That the slaying had been committed because the defendants were desperately in need of funds with which to settle large gambling debts.

That there has been accumulated some secret evidence "which, because of its nature, cannot be offered in open court," and That the defense may repudiate the confessions and attempt to show that the crime was not committed.

DEATH BLAST IN TRAFFIC ACCIDENT

Photographer Carrying Can Of Flashlight Powder Is Victim of Odd Tragedy

LOS ANGELES, July 23.—John Tholman, a photographer, was blown to pieces here today in a mysterious explosion, when struck by an automobile driven by Marjorie Watts, Los Angeles high school girl.

Joseph Grette, Tholman's assistant, who was crossing a street with the photographer at the time of the accident, escaped with slight injuries. The girl was not injured, although the front of the automobile was demolished.

According to Grette, Tholman was carrying a large can of flashlight powder. This exploded, police say, after the man had been knocked down by the car.

The blast threw the photographer fifty feet into the air, smashing windows in passing street cars and in nearby buildings and caused a panic in street crowds.

Several passengers in street cars and occupants of automobiles were cut by flying glass.

Rebel Planes Shower Bombs on Warship BUENOS AIRES, July 23.—Rebel planes have bombed the Brazilian warship Minas Geraes in the harbor of Santos, according to a dispatch today to La Nación from Santos. The warship was not damaged, the dispatch said.

STAY OF EXECUTION GRANTED WOLFGANG LOS ANGELES, July 23.—Isaac Wolfgang, sentenced to hang Thursday for the murder of a Los Angeles policeman, was today given a stay of execution until October. Final appeal in his case before the state supreme court was continued until the August calendar on account of a petition for a writ of error now pending before the United States supreme court.

ORDER NEW REPORT AFTER CONFERENCE LONDON, July 23.—The allied conference on the Dawes plan, after a two-hour session today, in an effort to reach an agreement on the question of sanctions and default, ordered the conference committee No. 1 to reconsider its report and re-draw it after conferences with representatives of the banking interests which will finance the \$200,000,000 loan to Germany.

PARIS BURGLAR SENTENCED TO DEATH PARIS, July 23.—Gabriel Alphonse Mourey, burglar in the famous Shattuck robbery case, was sentenced to death today. The verdict was given by a Paris jury. Mourey broke into the home of Alfred R. Shattuck, banker, in 1922, locked the family in the wine cellar at the point of a gun, and escaped with his accomplices, with \$20,000 worth of jewelry.

FLYERS PREPARE FOR OCEAN DASH

U. S. Army Birdmen Ready To Start Atlantic Leg Of Journey Home

BROUGH, England, July 23.—The American round-the-world flyers plan to hop off Monday for Kirkwall, Scotland, where the flight across the Atlantic will begin. Lieutenant Lowell Smith, flight commander, has been advised from Washington that arrangements will not be completed for the hop to Iceland before August 1.

Maclaren Off Again TOKIO, July 23.—A. Stuart Maclaren, British round-the-world flyer, and his three companions hopped off today at 7 o'clock from Tokolan bay for Murukamu bay,

BREAK LOOMS IN ALLIES' MEETING

Herriot to Quit If Bankers Refuse to Moderate Reparation Stand

LONDON, July 23.—Bankers who proposed to float a loan for Germany continued to hold out today for better security than they consider the allied conference agreements give them, and Premier Herriot threatened to return to Paris unless the bankers compromise their stand.

"As between the loan to Germany and the Versailles treaty, I will choose the treaty," Herriot was reported to have said Thomas W. Lamont, Morgan representative. The situation, boiled down, is this: The bankers do not want the reparations commission to have full power to declare Germany in default and to exact sanctions, feeling that such a course would jeopardize their chance of collecting on the bonds.

## ZEROLENE

**for FORDS**

**makes satisfied FORD OWNERS**

Merritt Motors, Ford-Lincoln Agency of Oakland,

recommend Zerolene "F" for Fords because as their

letter says, "we are interested in keeping Ford cars

running well and feel that this oil will help make satis-

fied Ford owners and more Ford sales."

At their suggestion a hundred and fifty of their

customers had their machines drained and refilled

with Zerolene "F" for Fords at the Merritt Motors

garage.

### What They Say

And here's what some of these 150 satisfied Ford

owners say:

"My car runs better and smoother than it ever did before,

and my oil bill is cut in half."... "Starts easier in the morn-

ing"... "No overheating," etc., etc.

### Lengthens Working Life

Because Zerolene "F" for Fords gets to the parts

to be lubricated it increases gasoline mileage, re-

duces carbon removal operations, and lengthens the

working life of every Ford in which it is used.

A Ford is an A-1 transportation investment. Pro-

tect your investment by proper lubrication.

## FARMERS OPPOSE

### RAISE IN RATES

**Power Concerns' Application**

**For Advance to Meet**

**Bitter Protests**

LOS ANGELES, July 23.—De-

termined not to pay the power

corporations a penny more the

representatives of the farming

districts are flocking here to ap-

pear before the State Railroad

Commission.

Today J. J. Duell, Kern county

rancher who is noted for his leg-

islative campaigns, it waiting to

be called to the stand in the hear-

ing of the Southern California

Edison company's application for

an increase to meet the deficit

caused by the water shortage.

**Pocketing Losses**

Mr. Duell, who is stopping at

the Hayward, informed the writer

that "the farmers are pocketing

their loss and the power people

can pocket theirs."

"We are suffering equally as

much from a water shortage," he

said, "and there is no reason when

we are forced to use pumps more

than ever before that the power

rate should be boosted."

Mr. Duell represents the Cali-

fornia Farm Bureau federation.

Another arrival in the city to-

day is Charles E. Scott, president

of the Imperial Valley Associated

Chambers of Commerce, who will

appear before the commission July

28 to protest the petition of the

Southern Sierras company.

The valley municipalities will

have their city attorneys present

also to combat increased rates.

### NEW STYLE LEATHER

LONDON, July 23.—While the

vogue for alligator and snake

skin—often brilliantly dyed—is at

its height, here come silver and

gold leathers. The latter are re-

ported to be chiefly for facings.

## COMMENT

### That's All

**Here's Glendale's Chance**

**Another Office Building**

**Banking Business Good**

**Barber Shop For Men**

By Gil A. Cowan

Glendale has a golden opportu-

nity to forge to the front now

with some sort of a proposition

for making what is known as "the

Glendale Airport," the official

landing field for Los Angeles, as

it is announced that is the first

step in obtaining air mail service

from San Francisco.

It has been pointed out time

and again that Glendale's Airport

is ideally situated for such a pur-

pose, it being one of the most

available sites that is immedi-

ately accessible to the heart of the

metropolis.

Otherwise, the city of Los An-

geles will be forced to appropriate

\$10,000 for the establishment of

a field in Griffith park which is

not so accessible and will not bear

the name of Glendale in the pub-

licity attached thereto.

Demolition of buildings at the

southwest corner of Colorado and

Brand boulevards is taken as in-

dication that construction of an

office building will commence im-

mediately.

It is stated that the structure

will be eight stories in height, but

that information has not been

verified. Nevertheless, it is logi-

cal that such a building be built,

for the corner of Brand and Colo-

rado is one of the most valuable.

Other improvements in the

business district nearby have

made that corner a fitting place

for an office and store building,

or banking quarters. However,

the writer is assured that it will

NOT be the Bank of Italy, if that

is any satisfaction to those con-

cerned.

On highest authority it was

stated that the Bank of Italy can

not buy any of the existing insti-

tutions at a price they see fit to

pay and they cannot obtain a char-

ter for another banking house

here.

However, they consider Glen-

dale the best field they have not

entered and look into the future.

From the statements made con-

cerning the foregoing the banking

business in Glendale must be pros-

perous. Also, the needs of this

city are well met by existing in-

stitutions in the opinion of the

state banking department.

Glendale is fortunate in having

representative financial houses,

yet more outside capital for loans

here might be available if there

were more banks.

And there is no question but

what this city is considered an ex-

cellent place for investment in

mortgage loans.

Modern courtship takes wings,

according to the news item ap-

pearing in yesterday's issue of

The Glendale Evening News. A

Glendale swim soars to the clouds

with his lady fair.

In the words of the song, "Since

Grandma Was a Girl" times have

changed, we'll say. Instead of

rowboats and a one-hoss shay, we

find airplanes and automobiles

speeding up affairs of the heart.

A neighbor city is going to have

a barber shop for "men only."

What killjoys there are in this

world!

And to hear the barbers tell it,

they are more than pleased with

the women customers.

One confided to me yesterday

that "the ladies spend their

money more freely than the men

if they think it will improve their

looks."

Being a married man, he hastily

added:

"But the men pay for their

good looks sooner or later."

Now just what did he mean,

girls?

## BUILD UP TRADE

### IN WOMEN'S WEAR

**'Gown Shoppe' Fosters Idea**

**Of Shopping at Home**

**In Buyers' Minds**

Despite the fact that one oc-

casional hears the remark that

"you can never interest all Glen-

dadians in buying at home," it is

quite evident that local residents

are growing more loyal toward

Glendale business firms every day

and it is indeed gratifying to

note the progress along all com-

mercial lines. Almost daily one

learns of new shops springing up

in all parts of the city, notab-

ly among which is the "Gown

Shoppe" under the direction of

Mrs. M. Clampett, located at 819

South Glendale avenue.

Mrs. Clampett comes to Glen-

dale from New York city where

she and her sister, Mrs. D. Savery,

have an exclusive shoppe on Park

avenue, carrying coats, gowns and

dresses of distinctive character and

Mrs. Clampett is now engaged in

establishing a clientele in Glen-

dale who can appreciate such gar-

ments of quality and style yet at

a very modest price.

**Weekly Shipments**

Fresh shipments are received

weekly direct from the market in

New York, which insures all of

Mrs. Clampett's patrons the latest

and best that the markets af-

ford and at a most acceptable

quotation.

It is Mrs. Clampett's intention

to give to her patrons individual-

ity of style, merchandise of qual-

ity and at such a figure that once

a patron will mean a permanent

one.

Nearly 150,000,000 pounds of

binder twine were used to tie

Canada's wheat crop last year.

## MORE ROOMS FOR PUPILS SECURED

Old Adventist Academy Is Leased by Board as School Quarters

Arrangements have been completed whereby three rooms of the old Glendale academy on North Isabel street will be rented from the Seventh Day Adventist denomination for supplemental public school quarters this fall. It was reported by D. J. Hibben at last night's meeting of the board of education, held in the office of Richardson D. White, superintendent of city schools, 107 1/2 South Brand boulevard. Mrs. A. A. Barton, president of the board, presided over the meeting.

It was announced by John T. Cate, business manager of the board, that terms have been agreed upon with W. V. McElroy, owner of the building, where the superintendent's headquarters are located, whereby the whole second floor will be taken over starting September 1, to accommodate the rapidly growing executive and business departments of the board. Purchase of a safe was also authorized.

### Warns of Fire Risk

A letter from Will C. Wood, state superintendent of public instruction, was read by Mr. White, urging boys to be careful about lighting fires near school buildings. The following appointments were made, following recommendation of the teachers' committee: James G. Ballie was promoted from assistant supervisor of manual training to supervisor; Marvin E. Dunn, a teacher in this department last year, was promoted to assistant supervisor; Mark Francy was named as a teacher of manual instruction, and Mrs. Arbie Mendenhall was named to take the place of Miss Carol Duncan at the Western Avenue school, while Miss Duncan is on a six months' leave of absence, taking additional work at the University of Southern California.

E. H. Learned and Mrs. Arthur C. Brown were absent from last night's meeting.

Average yield of a maple tree is five pounds of sugar a year.

## Plans For Reception Of Delegates To Synod Are Completed By Committees

After weeks of weary work checking up every detail of arrangements and plans, in order to make the annual synod of Arizona and California, to be held at the Glendale Presbyterian church for seven days, starting tomorrow, a success, the members of the various committees, working under the direction of Rev. Walter E. Edmonds, general chairman, today announce everything is in readiness for the opening of the synod tomorrow night.

Arrangements have been completed for taking care of more than 1,000 delegates from all parts of California, Arizona and Nevada, who will be present for the synod. Some of the delegates are expected to reach Glendale tonight, to be on hand for the opening of the pre-synodical conference tomorrow morning at 10 o'clock, while others are coming for the meeting of the Federated Women's Aid society of the Los Angeles presbytery, which will precede the synod.

The forty-fifth annual meeting of the Woman's Synodical society of Home Missions will open Friday and continue until the end of the synod.

The complete program for the various gatherings and events for synod week, together with the speakers, follows:

Synod's Field Council, Thursday, July 24, 10 a. m. to 5 p. m., room 204. Lunch 12 a. m., Kopper Kettle.

The Federated Women's Aid Society of the Los Angeles Presbytery invites all women throughout the synods of Arizona and California to a meeting at the First Presbyterian church, Glendale, on Thursday morning, July 24. Mrs. W. D. McConnell, president, presiding.

**Program**  
 (In main auditorium)  
 11—Federation song, led by chorus.  
 Prayer—Mrs. A. B. Prichard.  
 Business reports of secretary-treasurer and corresponding secretary.  
 Synopses—Annual reports of aid societies—Mrs. F. B. Wise.  
 "Relief and Sustentation"—Mrs. G. W. Sessions.  
 "Presbyterian Orphanage, San Anselmo—Dr. Andrew Beattie, superintendent.

## Police Find Realtor's Office, Papers Upset

The door of Gilhuly & Russell, realtors, 212 South Brand boulevard, was found open by the police last night. Investigation showed that the desk of Councilman S. S. Gilhuly, a member of the firm, was in disorder. When notified of this at his home at 342 El Bonito avenue, the councilman replied:

"Oh, that's nothing. It's usually that way."

### MAJOR OPERATION

A major operation was performed this morning at the Glendale Sanitarium and Hospital on H. R. Ross of 536 Spencer place.

Diamond gatherers travel from field to field in search of better harvests, just as do gold or other miners.

## Children to Engage In Hunt for Peanuts

A monster peanut hunt is to be held on the grounds of the Pacific avenue school tomorrow, Thursday, July 24, under the direction of Joseph Van Rensselaer, the director, and to which all boys and girls are invited. The hunt will start at 3 o'clock, and will be part of the summer entertainment program provided for the children under the auspices of Community Service.

### LEAVES HOSPITAL

Mrs. J. P. McIver of 2758 Broadway, was able to return today to her home.

Employees of tradesmen in Japan wear their employers' trade-mark on the backs of their coats.

## Oregon Modifies Ban On Touring Parties

Tourists who are planning to motor to Oregon are assured that the regulations that were in effect during the recent foot-and-mouth epidemic have been modified. This assurance is carried in a telegram to a resident of Glendale, which reads as follows:

"Touring autos inspected state line, no fumigation. Expressed trucks and household freight no restriction if not from farms. Otherwise fumigation or certificate."

(Signed)  
 "W. H. LYTLE,  
 "State Veterinarian."

### UNDERGOES OPERATION

Mrs. C. W. Jones of 4759 Eagle Rock boulevard, Eagle Rock, underwent major surgery this morning at the Glendale Research hospital.

## Trail of Wreckage In Runaway Horse's Wake

The horse of M. Yudkoff, a Los Angeles truckster, ran away yesterday afternoon and, after demolishing a bicycle parked at the corner of Brand boulevard and Lexington drive, smashing four globes. The street department was notified by the police department and \$15 collected to pay for the damage. Yudkoff was then released.

One of the sanitary regulations for Cuba says that in cities of 30,000 inhabitants or more "the floors of rooms of the first story and basement, as well as the coverings or framework for upper floors, shall be impermeable and proof against rats."

### Daily Greeting To News Readers

#### IT'S A GOOD THING—

To be blind when others are looking for trouble.  
To be dumb when others are messing in scandal.  
To be deaf when others are spreading gossip.  
To be busy when others are waiting for luck to break.  
To be pushing when others are hunting for pulls.  
To be charitable when others have been caught in mistakes.

### PREPARING FOR POLITICAL CAMPAIGN

The presidential campaign will not begin in earnest until after the second week in August.

President Coolidge's speech of acceptance which originally was to have preceded that of the Democratic nominee as per custom, has been postponed and the reversal of the order may have some bearing on the way the campaign will be unfolded.

Usually the Republicans hold their convention first and notify their candidate before the Democrats do. This means that the Republicans blaze the way and take the offensive, so to speak. This year it will be different. John W. Davis will deliver his speech of acceptance at Clarksburg, W. Va., within a fortnight, and will lay down the fundamentals of the campaign—his conception of what the issues should be.

The two keynote speeches, the one delivered by former Senator Burton of Ohio at Cleveland and the other by Senator Pat Harrison of Mississippi at the Democratic convention, reflect to a certain extent the argument that will be used on the stump, but neither speech gave a constructive program.

Mr. Coolidge has not had an opportunity since the adjournment of Congress to make a comprehensive statement of what his policies will be if he is given the support of the country and a sympathetic Congress. He will have a chance to digest whatever thoughts are expressed by the Democratic nominee and in a sense make a rejoinder.

The Democrats are anxious to take the offensive. John W. Davis is conferring just now with all the party leaders, but his basic ideas of what the Democratic program should be have been formed the past year from close observation of the political scene. While he never was an active candidate, he kept in constant touch with what was going on.

The biggest issue of the campaign will be which party will be the more effective in carrying out campaign promises. The Republican party has been in control of Congress ever since the election of 1918. The executive branch of the government has been in Republican hands four years. During that time the Republican party has been split into an eastern and western wing, and in the last session of Congress an insurgent Republican movement was so powerful that important pieces of legislation were passed by a coalition of insurgent Republicans and Democrats with the president's supporters in the minority in both houses. The Mellon tax plan proposed by the administration was defeated, and so was the will of the executive on the soldier bonus. No farm relief program was adopted.

All this is food for the Democrats who will insist that the Democratic party is better constituted to be effective because of its cohesion than is the Republican party, and that while Calvin Coolidge himself is stronger than his party throughout the country, effectiveness depends on team work and a united party.

To all this the Republicans are preparing to answer. They declare that President Coolidge took office in the midst of the administration of another, that he has not yet had a vote of confidence from the people enabling him to make his own appointments to office, and that Congress will be more obedient to his wishes after a general election than it has been.

Probably no new thoughts or formulas will be divulged in either speech of acceptance, for the necessities of the situation, especially in the west, have been plain to legislators for some time. Everybody, for instance, was agreed that agricultural relief was needed this year and is still necessary, but no program that insured relief was evolved. So also with respect to foreign policy which will help to build up American export trade. The principles of the hour are not going to be a matter of much concern, but the method of applying them and carrying them out will challenge the wits of both candidates as they appeal to the people.

### GLENDALE'S PROGRESS UNHAMPERED

Home builders and contractors in Glendale are inclined to complain that there is unnecessary detail connected with securing permits and inspections of buildings. Restrictions of this kind are necessary for safety, but no doubt they could be very much simplified without taking from the required results.

However, a man who has done considerable building in Glendale as well as in territory under the jurisdiction of Los Angeles says we, here in Glendale, have nothing to complain of. When he wants a permit for a building in Glendale it takes him about ten minutes to get it, while in Los Angeles it requires two or three hours. When he wants inspections of the work as required by ordinance he can get reasonably quick action here, while in his former location he was at the mercy of the building department of the city of Los Angeles, which is swamped with work and apparently does not care very much whether the outlying districts get any service or not.

The same thing is true of our street work. The condition of Glendale's streets could be improved, but the people can take these things up and get results in a reasonable time if they choose. Los Angeles' city engineer, Major Griffin, stated only a few weeks ago that his office is just two years in arrears with all street work. At that very time petitioners from one of the outlying districts of the city were in his office begging for action on a street where proceedings for improvement had been started more than five years ago. The fact that the engineer himself would like to get this work out promptly and impartially is not helping the people who are patiently waiting their turn.

When you feel inclined to be critical of the city government and the red tape they wind and unwind, just remember that Glendale is the fastest growing city in America, and one reason for this is that our building program and our street work have been hampered very little in comparison to what other communities have had to endure.

There may be nothing in a name after all, so this entry is made without comment—Mr. Battey and Miss Looney are instructors at Roosevelt High School in Los Angeles.

The old fashioned preacher and the old family doctor were altruists—they knew nothing of filing systems nor credit ratings.

Peaches are scarce in Los Angeles, says a market note. This is to be expected, now that the vacation season is here.

When a speed cop nabs a road hog he brings the bacon home.

Better a pretty park than a pink pill for pale persons.

### THE AERIAL AGE IS COME!

### Bring That Book Back

By DR. FRANK CRANE

It is a strange kink in the human conscience that people who will not steal anything else will steal a book.

Perhaps it is an offshoot of the general idea that books and the intellectual labor that goes to produce them, really count for nothing compared to beefsteak and potatoes.

Whatever may be the reason, the fact is that almost every man's library contains one or more rebranded mavericks which are liable to rise up and say a few words on the Day of Judgment, unless he gives them back.

Some are so lost to all sense of shame in this matter that the books they have purloined are the ones they value most. In fact, they do not seem to enjoy a book thoroughly unless it belongs to somebody else.

From what Freudian abyss this impulse comes we leave it to the psychologist to determine. However, we ran across a bit of history the other day which is here set down as a warning to all book thieves.

About 1836 the people of Barcelona were living in a sort of terror. One mysterious crime succeeded another. A priest, a student, a writer and five other persons successively were assassinated.

The victim, in each case, was stabbed by a

poindard, but nothing was stolen from him, neither his money nor his valuables.

Why all these murders? Suspicion, by and by, fell upon a man who kept a second-hand book store.

He was seized. Some proofs were found of his guilt and finally he confessed.

It seems that he had sold each of his victims some volume which he loved and then had murdered them so as to get the precious books back.

He was condemned to death and executed.

This story resembles that of the famous jeweler whom Hoffman describes in his story, "Mlle. Scudery." This jeweler assassinated, at night, a client who had bought during the day some beautiful stone with which the jeweler was in love.

The moral of all this is simply to show those persons who fail to return books that do not belong to them that there is such a thing as loving a book, and that this love also can rise to such a passionate height as to eventuate in violence.

And if a man who has bought a book is liable to be murdered by the man who sold it to him, how much more danger do they run who borrow books, with or without the owner's knowledge, and neglect to bring them back!

Copyright, 1924, by McClure Newspaper Syndicate.

### Horoscope

Astrologers read the morning hours of this day as very unfortunate, for Saturn and the Sun are both in malefic aspect. Venus is in kindly way in the afternoon.

This is the time in which to exercise the greatest caution in making decisions or in taking any sort of important initiative.

It is a sway under which no one should risk antagonizing friends or foes, since both will be difficult to deal with.

Labor difficulties of various sorts may vex many parts of the United States at this time when women may have special cause for grievance.

Saturn bodes ill for aged persons in public life and there is certainly evidence in the position of the stars giving warning of many deaths among celebrities who are old.

Real estate men may find business affairs exceedingly quiet at this time, but in many places there is to be a boom within the next twelve months, the seers prophesy.

Those who desire employment should not make any effort to find the right sort of positions while the Sun crowns on the activities of humankind.

There is a sign read as threatening to the ambitions of men holding high political offices, for the Sun is adverse to them today.

The eclipse of the Sun, July 31, which will obscure less than one-fifth of the Sun's surface, is read as unfortunate for royalty and many foreboding the violent death of a prince.

One of the indications for retail business in large cities appears to presage the scattering of small shops in residence districts and less patronage of big stores.

The seers declare that business in the United States, the prevalent malady affecting everything has reached an expansion which precedes a general disintegration.

This aspect giving hope of less congestion, will benefit the small merchant at first, astrologers foretell.

Persons whose birthdate it is should be extremely cautious in all business transactions in the coming year. Do not speculate.

Children born on this day may have many vicissitudes in their careers. These subjects of Leo probably will have the biggest

### Who's Who

Owen D. Young is getting to be a sort of international handy-man. Only recently he returned from Europe, where he was a member of the Dawes committee which formulated the new German reparations plan. Now he is going back as agent general of the reparations commission—in reality collector of reparations.

Owen D. Young is a long, lean, muscular man, 49 years old. He was born on a farm in New York state, Van Hornesville, Herkimer county. His ancestors settled there nearly 200 years ago when the population was seventy-four—and it is still seventy-four.

Young decided he wanted to be a lawyer when he was 14, largely because his impression of the profession was that men engaged in it "could sit in the shade and talk" while farmers had to get tired, hot and dirty in the fields. There was very little money to send him to school but an uncle promised to come over and help on the farm in his place so the following year he attended Springfield Academy.

After that he decided he must go to college. He was too young to win a scholarship—being only 15—so his father borrowed \$1,000 and sent Owen to St. Lawrence college. Working night and day he made the \$1000 do for his four years' course and was graduated in 1894. He worked his way through Boston university law school by tutoring and library work, did a three years' course in two and graduated with honors in 1896 when 22.

He practiced law in Boston for the next seventeen years, he and his partner making a specialty of organization, financing and operation of electrical utilities companies. In 1913 he was made vice president and general counsel of the General Electric company, of New York. This when he was 39. Now he is chairman of the board of directors.

He was a member of President Wilson's second Industrial Conference, chairman of Secretary Hoover's Committee on Employment, and a director of the Federal Reserve bank of New York. He is also a director of the International Chamber of Commerce and of various electrical utilities companies and philanthropic organizations too numerous to mention.

More than 12,000 deaths as a result of motor-car accidents were reported last year.

Many uses are made of the bamboo tree in the Orient, where it is very highly prized.

The low price of native labor in China has prevented the adoption of gasoline motors.

possibilities of success, but they must be guided carefully.

### Today's Poem

#### SONG

My silks and fine array,  
My smiles and languished air,  
By Love are driven away;  
And mournful lean Despair  
Brings me yew to deck my grave:  
Such end true lovers have.

His face is fair as heaven  
When spring buds unfold;  
O, why to him was't given,  
Whose heart is wintry cold?  
His breast is Love's all-worshipped tomb,  
Where all Love's pilgrims come.

Bring me an ax and spade,  
Bring me a winding-sheet;  
When I my grave have made,  
Let winds and tempests beat:  
Then down I'll lie, as cold as clay;  
True love doth pass away!

—William Blake.

### Smiles

CONVALESCENT  
"Don't you think Mabel's voice is improved?"  
"Yes, but not cured."

OUR DAILY SONG HIT  
"Johnny, Don't Wash Your Face Too Clean. Remember You Have A Black Eye."

AT THE BEACH  
"You Life Savers have a good time, don't you?"  
"Oh, yes. We go in for every-thing."

### Do You Know

Many uses are made of the bamboo tree in the Orient, where it is very highly prized.

The low price of native labor in China has prevented the adoption of gasoline motors.

possibilities of success, but they must be guided carefully.

### The Ravings Of a Grouch

I am not a pacifist or a conscientious objector or a believer in non-resistance in case of war. I will not take an oath never to fight. But I cannot entirely blame the soldiers of the last war who declare they will never fight again. They were fighting to make the world safe for democracy, they were told, and, at the same time, they were bound down, body and soul, by the greatest tyranny ever devised—the military system. Discipline is especially necessary in an army, I presume, but I do not believe that men make any better soldiers for being compelled to submit to unreasoning men, often no better or more intelligent than themselves. There may have been a time back in the dark ages when the fighting men were impressed by such methods, but the average boy today can think for himself. I think the men in the last war were ready and willing to submit to rules and to commands that were for the good of the army and the winning of the war, but they resented the unnecessary regulations and tyrannical treatment they received. Army officers are like kings. A few of them are big enough to keep their balance, but honor and authority are too much for some.

A woman of my acquaintance tells me of an incident that illustrates what I mean. Her son was in a training camp in this country. This boy, with one or two others, was ordered by their sergeant, one morning, to do overalls and do some manual work about the camp. Ordinarily they would have been at drill or some other place at this hour of the day. Their captain happened to see them, rebuked them arrogantly and sarcastically for not being in uniform, refused to allow them to explain, and ordered them punished. When this boy came home he found his mother greatly set-up as the result of a letter she had received from this captain, telling of the lad's honorable discharge, of the affection he felt for the boy, and so on. The son, ordinarily mild-tempered, angrily tore the letter in shreds and stamped upon it. He wanted no carbon-copy commendation from a man who had treated him like a dog—and unnecessarily.

This is a mighty small matter when you try to compare it with all the sorrow and the suffering and the heartache and the bitterness caused by the war, but little straws show which way the wind blows. This boy would gladly have followed his captain into danger, I know, but to be compelled to submit servilely to undeserved humiliation and punishment is something an American boy does not soon forget. The mother says she doubts if her son will ever cease to hate his captain and his like.

Other boys have told me of being forced to stand at attention for hours in a cold rain in Paris, waiting for General Pershing to review them. Others had to submit, against their will to operations, amputations and inoculations. The things they endured that were necessary in the conduct of the war may be forgotten, in a measure, but the needless suffering, hardship and humiliation at the hands of those in authority are making the boys think, and have quite a bearing on the situation if their services as soldiers should be needed again.

### OFFER BARGAINS TO SHOE BUYERS

Last Year's Figures Beaten  
By Present Receipts,  
Says J. A. Smith

J. A. Smith, proprietor of the Broadway shoe store, 312 East Broadway, states that his semi-annual clearance sale which started last Saturday was a fine success. Contrary to beliefs which many people hold at this time of the year that money is tightening up, a substantial increase was shown in the first three days of the sale this year over last year's receipts when the same kind of a sale was held.

For tomorrow, Glendale Dollar Day, the Broadway shoe store has carefully gone over its entire stock to find suitable offerings and the thrifty housewife will not be disappointed in making a visit to this store tomorrow.

### WEAR SPANISH COMB

PARIS, July 23.—For evening wear, a few women today are using the veritable Spanish comb—very high and very wide—over which they drape the graceful Spanish mantilla. Even when the actual mantilla is not employed this motif bids fair to dominate the evening head dress.

## Diet And Health

By LULU HUNT PETERS, M. D.

### ANSWERS TO CORRESPONDENTS

"Dear Dr. Peters:—Have been full of fruit, part fresh, following your Diet and Health column and think it is wonderful. I weighed 225 pounds when I started to diet and have lost 81 pounds. I now weigh 144 pounds and I certainly feel splendid. Before reducing I had dizzy spells, staggering spells. I felt as if I were getting hardening of the arteries; and it was hard for me to go up and down the stairs. But since reducing all those ailments have left me. I cannot thank you enough for what you have done for me.—Mrs. B."

The life of a person who has the strength of will and character to reduce 81 pounds is certainly worth saving, so it makes me very happy that I have saved you, Mrs. B. With your symptoms, you undoubtedly would not have lived long. I am grateful to you for writing and letting us know about it. Will you write again, telling us how old you are, how long it took you to reduce so much, what special exercises you took, and all other details?

"Dr. Lulu Pete Hunters. Dear Doctor:—I am a boy of 17. From the front view I look almost perfect, but my back is very disfiguring because I am round shouldered. I would greatly appreciate it if you would send me directions as to proper exercises and any other information which you think will be of help in overcoming this disfigurement. Thanking you very much for your attention to my case.—Harry."

If you can, Harry, it would be best to go to an orthopedic surgeon and he will give you special instructions for exercising.

You must have some corrective exercises, hanging on horizontal bars, dumbbells, Indian clubs, and the like. Swimming and rowing are especially good. You must have a correct posture.

Sleep with a pillow under your shoulders and none under your head part of the night. Be careful of your sitting position when you are studying. Don't lose enthusiasm because now is the time when you can really obtain results, if you will take the trouble. We hope you will soon look as perfect from the rear as you do from the front. As you are only 17 now, I am sure you can accomplish much.

You must have the right diet so that you will have the elements your tissues and muscles and all your organs need. Are you having the following foundation diet every day?

Protective Foods—Three glasses of milk, at the very least, each day. One full cupful of vegetables (especially the green leaf vegetables) part of them raw. One

## Social : Clubs

Edited by KATHERINE V. SINKS

### Surprise Shower

Mrs. Lydia Rehberg was honored last night at a pretty shower affair at which Misses Vera Schlotzhauer, May Blackburn and Alma Smith were hostesses at 229 North Verdugo Road. The affair was arranged as a surprise to Mrs. Rehberg and it was not until late in the evening that she was aware that it was in her honor.

Games and an informal social time occupied the early part of the evening. For the serving of luncheon a pink and white color scheme was effectively carried out. A shower of pink and white streamers fell from the chandelier. In the center of the room was a large basket, presided over by a stork, and holding countless beautiful gifts for Mrs. Rehberg from the twenty-five friends present.

### Birthday Surprise

The picnic outing yesterday at Hermosa Beach enjoyed by members of St. Mark's guild proved to be a most happy celebration of the birthday of Mrs. R. I. Downing, one of the most popular members of the organization. Mrs. Downing was not aware that her birthday was remembered by any of her friends, and she was greatly surprised to find that she was honored with a birthday luncheon. She was presented with a huge white cake bearing pink candles, and responded with a brief speech. Other informal speeches followed.

There were forty enjoying the day at the beach. One of the pleasures of the day was greeting Mr. and Mrs. Mortimer Baker, former Glendale residents, who now live at Hermosa.

### Gives Luncheon

Mrs. D. Dawson of 327 West Broadway was hostess Monday at a luncheon at her home, entertaining a number of friends, all former residents of Omaha, Neb. A red-and-green color scheme was used in decorating for the occasion. The same tins were also carried out in the luncheon table appointments. Luncheon was served at 1:30 o'clock, and was followed by an informal social afternoon. The guests included Mrs. Young and Mrs. Shaw of Omaha, Neb., who are visiting in the southland, and Mesdames C. C. Shimer, Tobias, Rose R. Rackley and S. J. Lookabaugh, and Misses Alice Lookabaugh and Marie Rackley, all of Glendale.

### Daughters Meet

The regular monthly meeting of the Mary Jane Gillette Tent No. 18, Daughters of Veterans, was held last night in the Pearl Keller hall with a very good attendance. The meeting was presided over by the junior vice-president in the absence of the president, Mrs. Audrey Billingsley. A special guest of the evening was the department chief of staff, Mrs. Grace Archer of Santa Barbara. During the evening the regular routine of business was transacted, and several matters of importance to members only were discussed.

### R. T. W. Gathering

Mrs. Edna Sawyer of 611 West Doran street, will entertain the members of the R. T. W. class of the First Baptist church at her home on Thursday, July 24. This will be the regular monthly business session and will convene at 2:30 o'clock. All members are urged to be present.

### Business Meeting

Mrs. Nellie Penniman of 1259 South Maryland avenue is to open her home Thursday night for a business meeting of the young people's society of the Nazarene church. Vernon Wilcox, vice-president, will direct the meeting, beginning at 7:30 o'clock.

### Wed in Glendale

Miss Mary L. Willis and William S. King of Los Angeles, chose the Little Church of the Flowers in Forest Lawn Memorial park, as the place for their wedding yesterday afternoon, Tuesday, July 23, 1924. The ceremony was read at 3:30 o'clock by Floyd Mercer, acting pastor of the Central Christian church.

Mrs. King came to California from Indiana, while Mr. King is a recent arrival from Des Moines, Iowa. They will reside in a new bungalow home on Glendale boulevard in the Silver Lake district.

### Dinner For Honoree

Miss Louise Kelley of Salt Lake City, who is sojourning at Santa Monica during the summer months was the honor guest at a dinner party given Monday night by Mr. and Mrs. E. L. Schuyler of 330 West Ivy street. Covers were laid for Miss Louise Kelley, Miss Lois Schuyler, Ernest and Hoyt Schuyler, Thurston Harshman of Glendale, Mr. and Mrs. H. H. Brown of Los Angeles. Miss Kelley plans to spend the winter in the southland and will attend the University of California, Southern Branch.

### Honors Guest

Mrs. E. W. Cizek of 711 East Elk avenue, presided over an enjoyable affair yesterday, when she entertained with a luncheon and informal social affair complementing her guest, Mrs. J. C. Alawalt of San Francisco. Mrs. Alawalt and Mrs. Cizek were former schoolmates when both were residents of Wisconsin. This was the first time they have seen one another for the past eighteen years. Luncheon was served at 1 o'clock, followed by a luncheon of bridge. Covers were laid for Mrs. J. C. Alawalt of San Francisco and Mrs. Emil Johnson and Mrs. Edwin S. Dodds of Glendale.

### Luncheon-Theatre

Complimentary to her sister, Mrs. George H. Sisson of Detroit, and Mrs. George Chenoweth of Oakland, Mrs. O. H. Spradling entertained today with a luncheon and theatre party in Los Angeles. Luncheon was enjoyed at the Jonathan club. Those invited to meet Mrs. Sisson and Mrs. Chenoweth were Mesdames E. E. Hitchcock, C. E. Webber, F. G. Oldham, Joe Goldstein, Glendale; Mrs. C. E. Riley, South Pasadena; Mesdames P. D. Larronde, W. H. Stanford, H. G. Cary and Walter Albert, of Los Angeles.

## Personal Notes

Phone Personals to Social Department, Glendale 4000.

H. K. Kipers has moved from 1917 Fourth street to 4559 Buel street, Los Angeles.

Mr. and Mrs. I. E. Gould have moved from 128-A East Lomita avenue to 324 Riverdale drive.

Dr. and Mrs. Henry A. Johnson have moved from 703 North Central avenue to 319 West Lexington drive.

Mr. and Mrs. Lexie H. Allison have moved from 428 Maple street to 604 South Brand boulevard, to make their home.

The many friends of Harry Willis Hall of 227 North Louise street will be very sorry to learn he is seriously ill at his home.

Miss Docie Stroud of 727 Kenneth road, returned home yesterday from San Francisco, after spending an enjoyable week in the northern city, visiting with friends and relatives.

J. E. Barber and family are recent arrivals from San Fernando and have taken up residence at 631 East Maple street. They formerly lived at Flintridge. Mr. Barber is connected with the Farmers' market on San Fernando road.

Mrs. James D. Barrett of Billings, Mont., who has been visiting for the past week with Mr. and Mrs. George Bigelow of 1351 North Columbus avenue, left this week for Vancouver, British Columbia, where she will join Dr. Barrett. After spending a week at Vancouver they will return to their home in Montana.

Mr. and Mrs. F. A. Lyon of San Francisco will arrive here this week for a visit with Mr. and Mrs. George H. Bigelow of 1351 North Columbus avenue. Sunday Mr. and Mrs. Lyons and Mr. and Mrs. Bigelow will motor to Ensenada, Mexico, where they will spend a week on a fishing trip. Later they will enjoy a week's outing at Avalon, Catalina island.

### Mental Defectives Deported From State

SACRAMENTO, July 23.—Mental defectives numbering 145 belonging to other states but who have been inmates of California institutions, were deported on a special train in charge of W. D. Wagner, superintendent of the State Department of Institutions.

## POLICE STATION TO BE RETAINED

Officer Denies Rumored Plan  
To Abandon Unit at  
Old City Hall

EAGLE ROCK, July 23.—The rumor that the present police station at the former City Hall on Colorado boulevard is to be abandoned on completion of the unit at York boulevard and Avenue 54, is denied by Captain White of the Lincoln Heights division.

Although control of the entire district will be centered at the new station, he states, the present unit will be maintained as one of the branches in the general scheme of police protection throughout the city of Los Angeles.

The unit at Avenue 54 will increase the service for local residents, states Captain White. Every modern feature will be incorporated for the efficiency of the department when called upon to serve the public. A police ambulance, for which the need here has often been felt, will be in readiness for emergency cases, and a signal light system will greatly facilitate the police work. So, as it now stands, the local district will be served more efficiently than ever before, combining the excellent work of the local established department with service from the complete station at Avenue 54.

### Recovers Health

Mrs. Edward B. Pence of 5151 Lockhaven avenue, has returned to Eagle Rock from an interesting tour of various points in the north and Yosemite National park where she went to recover her health after a long illness. Mrs. Pence states she is more than glad to get back to Eagle Rock and that in going through northern California, she hasn't seen one place that could compare with it. As for the "hard times" talk that is prevalent everywhere, she desires to say that the outlook for the fall is better than many admit.

J. C. Jackson, cashier in a local bank, has returned from a 3800 mile motor trip. He has been away on his vacation for a month, visiting Seattle, Portland, Vancouver and many other places of interest.

## Form Corporation to Sell Farm Machinery

ST. PAUL, July 23.—This city is expected to become the center of northwest distribution and manufacture of power farming appliances, particularly those supplemental to Ford Motors, according to backers of the newly incorporated motor power equipment company headed by Colonel L. H. Brittin, who aided in securing the location of the new Ford factory here.

Colonel Brittin announced that all Ford garages as well as 700 Ford dealers in the northwest would deal with the new St. Paul corporation which will distribute appliances manufactured by 225 concerns throughout the

## BUILD ADDITIONS TO CITY SCHOOLS

Work to Be Completed by  
Opening of New Term,  
Contractor Says

BURBANK, July 23.—The additions to the local school plant will be completed by the opening of the fall term, it is announced by L. P. Collins, superintendent of city schools. These additions comprise remodeling on the Thomas A. Edison, John Muir, Luther Burbank and Abraham Lincoln schools. The contractor, Ben Farley, has reported to Mr. Collins that the framework for the new rooms is completed and that the plasterers are soon to start on their end of the contract.

Repair work is going on just now at the John Muir school and among other places receiving attention from the carpenters is the porch roof on the front of the building. Inside loose plastering and other needed repairs are being made to put the building in an absolutely safe and sound condition.

### Visits Relatives

Mrs. W. H. Martin, of Hanford, California, has returned home after enjoying a visit with her nephew, H. R. Coburn and family of 715 Palm avenue.

Eloise Lindesmith has gone to San Francisco, where he was sent by Louis McLoon of the "Playhouse" with Pauline Frederick's company, which opened Monday night for a two weeks' engagement at the Curran theatre, in Miss Frederick's starring vehicle, "Spring Cleaning."

## Issue New Rates on Livestock Shipments

SAN FRANCISCO, July 23.—California shippers of live stock will save \$100,000 a year as the result of new rates authorized by the railroad commission, the commission announced. Car load shipments of livestock moving between points within the state of California are assessed charges based either on specific commodity rates or on the class B rates. The class B rates are used only between points where no commodity rates are in effect.

The commission has authorized F. W. Gomph, publication agent for carriers, to issue tariffs effective at the earliest possible date, putting into effect a schedule of distance rates applying to horses, mules, burros, donkeys, jacks, cattle, sheep, goats and hogs.

England's radio licenses total 720,000.

The new concern will be housed in a new building near the Ford factory.

# Sub-Committees Submit Reports On More Bond Issues

(Continued from page 1)

authoritative data, without which this committee would have been seriously handicapped.

"Water being most vital, and distribution secondary, the supply will be outlined first.

## Water Supply

"The Verdugo Canyon supply, which is water coming to the surface of the ground, near the intersection of Verdugo Road and Canada Boulevard, we receive from this source about two million gallons per day. This can be increased by proper development, but can never be considered as the major supply of our city, as the probable increase will only be about 30 per cent which would make 2,600,000 gallons per day total amount, which is about one-fourth of our present consumption per day.

"At the present time the major portion of our water supply is pumped from wells near Grand View and San Fernando Road. At this location the city has approximately sixteen acres of ground, approximately fourteen of which were acquired last year. On the land that the city has owned since 1916 there are located five wells, from which we pump about 6700 gallons per minute. These wells are about 150 feet apart, and when all of them are pumping the water level is at its lowest, but if only two or three of them are pumping the water level stays up a few feet higher, thereby showing that there is some interference or dropping of the level when all the wells are pumping, which leads us to believe that it would be better to place the wells a little further apart.

"On our fourteen acres we have three new wells which were completed last fall. These wells were placed further apart, and are distributed at about equal distances from each other. These three wells deliver about 6500 gallons per minute, making the total available supply from all wells at this location 13,200 gallons per minute, or about 19,000,000 gallons per day.

"With 2,000,000 gallons per day from Verdugo Canyon and 19,000,000 it makes a total of about 21,000,000 gallons of water per day. More water can be developed from the present source, but in considering the future requirements, we would deem it advisable that additional water bearing land be procured now and held by the city for its future needs.

"Since there has been considerable controversy relative to the possible supply of water from the Verdugo Canyon and in view of the fact that some people have claimed that there is an inexhaustible supply there, your committee wishes to state that the water in the Verdugo Canyon has been fought over in various litigations during the past fifty years, and that reports by competent experts employed by the various factions are available in the office of the superintendent of plants and production or can be found in the

court records. These records have been used by our committee, and the stated supply per day which exists there is no guess work, but actual figures.

## Distribution of Water

"Of the 19,000,000 gallons which the present wells produce for delivery to two settling basins, and three booster pumps that will deliver the water from these settling basins to the 720 foot elevation reservoir are arranged as follows:

"Two pumping units will deliver about 9,000,000 gallons of water per day to the 7,500,000 gallon Verdugo Canyon reservoir. This 9,000,000 gallons per day requires twenty-four hours' continuous pumping, being the maximum amount that can be delivered through the twenty inch cross town trunk main.

"We will be able to deliver about 4,300,000 gallons per day to our Tenth and Western avenue 15,000,000 reservoir which was just completed. The two reservoirs will be on the same level, and are interconnected, but the cross town supply main will limit the amount of water that can be delivered easterly from the pumping plant, this being the portion of the city that requires the most of the water. Thus, one of the imperative needs in the near future or at least within a year, will be that we will have to have another cross town trunk supply main.

## Storage of Water

"It is most essential to have water in storage, thereby not having to depend upon the pumping plants to deliver the large amount of water required over a period of maximum consumption, and having available large amounts of water in storage in case of a breakdown of the pumping units or a bursting of the large trunk lines, and for fire protection in case of a catastrophe.

"The National Board of Fire Underwriters recommend that a storage should be provided sufficient to meet the maximum consumption and demand for five days and leaving a ten-hour fire flow available, to permit the making of most of the repairs, alterations, or additions necessary to the operation of the water supply system.

"The maximum demand and consumption during five days during hot weather is between 10,000,000 and 11,000,000 gallons per day at the present time; therefore, judging from the report of the National Board of Fire Underwriters our storage facilities should be at least 50,000,000 gallons at the present time, to take care of the maximum consumption and in addition to this to allow for a ten-hour fire flow of 12,000 gallons per minute, thus making the total storage facilities about 60,000,000 gallons.

"With our new reservoir, which was just completed, we have about 24,000,000 gallons' storage capacity. We are therefore in need of additional storage facilities. The lands for these reservoir sites have already been procured for

the city, or are in process of acquiring.

## Need of Development of Water System to Take Care of Undeveloped Lands Above the 600-Foot Elevation.

"This comprises the land in the foothills from the westerly city limits to the Glen Oaks subdivision. The Scholl Canyon together with the Verdugo Woodlands and Sparr Heights Tract. We have established service in the westerly portion of our city from the reservoir owned by L. C. Brand at the 880-foot elevation, which supplies the high level territory service on Mountain street from the westerly city limits to Grand View avenue, and also Kenneth Road section from Grand View avenue to Pacific avenue.

"We have a 100,000-gallon tank installed at the 950-foot level at Glen Oaks, which it is contemplated will serve Glen Oaks, Sierra avenue, and Mountain street from Verdugo Road to Jackson street.

"We have a five-acre site in the Glen Oaks tract where it is proposed to install a reservoir of 10,000,000 gallons. At present the above mentioned districts can be taken care of by the present facilities for a few years to come, therefore, your committee does not recommend the building of reservoirs either above Mountain street or in the Glen Oaks tract at the present time.

"The Verdugo Woodlands section is being served from water pumped from the canyon into a 100,000-gallon tank, which stands at the level of 975 feet. From this tank the water is pumped into another 100,000-gallon tank at the elevation of 1140 feet. These storage facilities are entirely inadequate, and further development in this section is imperative. "This higher level development also contemplates the procuring of additional water in the Verdugo Canyon and intercepting this water and using it in the most advantageous manner for the economical operation of the system, as water developed at the higher levels will save the pumping across from the 720-foot elevation. However, we cannot recommend that we depend entirely on being able to develop sufficient water on this higher elevation. Therefore, we would recommend that the trunk lines and pumping plants formerly mentioned be provided to insure the continuous supply of water under all conditions, and these trunk lines would also be available for use in the lower levels. The area to be served in this higher level distribution is very large, and would require that the supply to be provided for should not be considered in any small way.

"Your committee therefore recommends the construction of a reservoir to be located near Glorietta avenue, and also a sixteen-inch main to be laid on Canada Boulevard connecting this reservoir with the present Verdugo Canyon supply, which, as heretofore mentioned, has an increase of about 30 per cent.

"This development can be accomplished in one of two ways, either by putting in wells, or by constructing underground tunnels clear across the canyon in possibly two locations, thereby intercepting water that has flowed past our present intakes, and also thereby protecting the sanitary condition of the water. All of the present supply is in good condition, but as the Verdugo Woodlands section and Sparr Heights become more thickly inhabited the tendency of pollution will increase. The water level in this section comes up as high as two feet below the surface of the ground, and from this fact it can be readily seen that a district full of cesspools or sewers is not good for your water conditions. At present all the water in the Verdugo Canyon reservoir is being chlorinated.

## General Information

"For the general information of your committee as a whole we will submit the following: "The present bonding capacity of the city of Glendale for 1923 was \$4,500,000, and the estimate

for 1924 shows an increase to about \$6,000,000. The present outstanding bonds, except the sewer bonds, amount to \$987,500, out of which \$787,500 will be retired from revenue from our public service department and not from taxes. The average life of the present bond issue is thirty-two years. The fixed valuation of our public service department is \$1,473,406.17. The total assets are \$2,521,385, which includes all supplies, cash on hand, and so forth. It might be well to mention here that any bond issue for the water supply will be paid from revenue and not from taxes.

## Recommendations

"After a thorough study and due consideration, your committee recommends a bond issue covering the following: "For the acquisition of about thirty-three acres of additional water bearing land, \$135,000. Your committee recommends that the bond issue covering the acquisition of this land be a separate issue, and not be included in the bond issue for improvements.

"Under improvements your committee recommends the following: "1. 30-in. trunk line \$190,000.00 "2. 20-in. connecting main, Louise St. 24,939.53 "3. 16-in. main, Canada Blvd. 50,995.20 "4. Glorietta reservoir 77,844.80 "5. Campbell and Mountain reservoir 190,101.40

"Total \$533,880.93 "Your committee therefore recommends a bond issue of \$550,000 covering these improvements. "Other items of improvement that have been proposed are as follows:

"1. Glen Oaks reservoir \$93,978.50 "2. Grand View reservoir 59,995.50 "3. 16-in. Grand View reservoir main 23,209.80

"Total \$177,183.80 "However, your committee does not recommend that these last three improvements be included in the bond issue at this time, as we feel that this additional amount would possibly cause the failure of the bonds at the polls, and also as mentioned before, these last three items are not sufficiently needed at the present time to endanger the success of the bond issue by being included, but can come up at a later date.

"Respectfully submitted, "SUB-COMMITTEE ON WATER SUPPLY.

"CHAS. MARSHALL, "WILLIAM E. PELLEY, "W. H. RICHARDS." I. J. Hoover, representing the Northwestern Avenue Improvement association, read the supplementary report of the sub-committee on bridges over Verdugo. Other members of this committee are: O. M. Newby, chairman, representing the West Broadway Improvement association, and Rev. E. E. Ford, representing the Ministerial Union.

The report filed last week by this committee suggested that nothing be done at this time except repair the present bridges, since no definite plan for caring for the wash had been worked out. The report stated the sub-committee did not think it advisable to vote a bond issue for new bridges, put them in and then have to tear out the work when permanent improvements and changes were made to the wash.

They recommend that the present bridges be repaired and improved. Mr. Hoover today asked that the following supplementary report be added:

"Our suggestion is to put the bridges in good condition and we find that there are no funds to put these bridges in good condition as that was not taken care of in the budget, so we feel it is necessary to vote a bond to take care of this work and we would suggest at this time \$300,000 bonds be voted for that purpose."

## Sub-Committee Split

The first split in any sub-committee became apparent today when a majority report and a minority report were filed by the sub-committee on the acquisition of city parks. L. H. Wilson, chairman of the sub-committee, representing the San Fernando Road Improvement association, read the majority report, which was signed by himself and Mrs. C. H. Whitney, vice president of and representing the Thursday Afternoon club.

Mr. Wilson, before reading the majority report, said:

"There is only one school in the city where there has been a falling off in attendance and that is at the Cerritos avenue school. This is on account of no parks or playgrounds in the southern portion of the city. The children have no breathing space there, I might say. For this reason I believe a separate bond issue for a park in the southern part of the city, which would cost around \$35,000, should be recommended."

## Majority Report

"Your special committee appointed to investigate and make recommendations in regard to the purchase of parks for the city of Glendale, after thoroughly studying local conditions, desires to submit the following report:

"The city of Glendale has at the present time only two small parks, viz: Patterson avenue park, with an area of about seven and one-half acres, and the Rosemoynne park of about three acres recently deeded to the city. Glen Oaks park, a small area given to the city some time ago has never been deeded, and so cannot be listed here. With this small park area, our city is well near the foot of the list of cities in the country that are making provision for the future by equipping parks for public recreation. With property

## How Much Did It Cost To Shoe the Horse?

Nearly every one has heard the story of the blacksmith who offered to shoe a horse for one cent for the first nail, two cents for the second, four cents for the third and so on, but few people realize that the cost to shoe one horse on this basis runs up into thousands of dollars. Compound interest works on the same principle. Every dollar soon doubles itself, then double the amount soon doubles itself again and so on. \$1000 placed with us now in the name of your infant son to draw 7% compound interest till he is 60 years old would amount to \$60,000.

Think it over and come in and see us.

Minutes. Report of special com-  
mittee on re-organization of syn-  
odical work. Presentation and  
discussion of proposed constitu-  
tion. Annual reports of synodical  
officers, general secretary,  
Mrs. B. F. Edwards and other

## Nemesis Of Bunko Ring Tells Thrilling Story Of 30,000 Mile Pursuit

Fiction pales by comparison with the fact story of how J.  
Frank Norfleet, typical Texas ranchman, trailed for four years  
the five "bunko" men who swindled him out of \$45,000 in  
November, 1919, in Dallas. The book is published by W. F.  
White of Fort Worth, under the title "Norfleet."

This thrilling story is of par-  
ticular interest to Glendale peo-  
ple, as it describes at length how  
the trail led at one point along  
its 30,000-mile journey to a beau-  
tiful home near the Glendale Re-  
search hospital, this city, where  
Joe Furey, alias J. Harrison, alias  
J. B. Stenon, "master mind" of  
the gang, lived with his wife and  
little son, in assumed respecta-  
bility.

**Costs of Pursuit**  
From California to Florida,  
from Mexico and Cuba to Canada,  
the long trail led, an unparalleled  
record of a man who, after he  
had been swindled out of \$45,000  
in cash, swore to devote the re-  
mainder of his life, if necessary,  
to the apprehension of the crim-  
inals.

During those four years Nor-  
fleet spent an additional \$30,000  
—but he got his men. As for the  
gang, they were compelled to pay  
out \$82,900 in traveling expenses,  
"protection," lawyers' fees, for-  
feited bonds and other expenses,  
in their futile efforts to escape  
this grim human nemesis of the  
western plains, a man of such  
honor that, once swindled, he con-  
secrated the remainder of his life  
to hunting down the men who  
had fleeced him.

The five men Norfleet sought  
and captured, as revealed in the  
pages of this fascinating book, are  
the above-mentioned Joe Furey,  
E. J. Ward, W. B. Spencer,  
Charles Gerber and Reno Hamlin.  
Of these, Furey died in the Hunts-  
ville, Tex., penitentiary, and Ward  
killed himself in a Washington,  
D. C., prison. The other three  
members of the gang are still  
behind bars—and with them sev-  
enty-five other confidence men  
Norfleet succeeded in rounding up  
during his four-year man hunt.

**Glendale Pictures**  
J. Frank Norfleet set out in

## Pendroy Employees To Be Entertained At Dinner; Campaign Contest Ends

In appreciation of the spirited enthusiasm and active sup-  
port the employees of the Pendroy department store have taken  
in the campaign for 5000 new members, just closed, Mr. and  
Mrs. E. C. Pendroy are to be hosts tonight at a "family" din-  
ner and social affair at the Tuesday Afternoon clubhouse.

There will be sixty seated about  
the dinner table in the attractive  
Italian tea room. The store "fam-  
ily" will leave the store at 6  
o'clock, marching in a body to the  
clubhouse, where dinner is to be  
served at 6:30 o'clock.

**Program Planned**  
A profusion of mid-summer  
flowers and bright colored bal-  
loons will decorate the dinner table.

E. C. Carter has been chosen  
to preside at master of ceremonies  
and after the dinner hour a pro-  
gram, presented by employees, will  
entertain. The program as ar-  
ranged will be: Piano solo by  
Mrs. Louise Saeger; talk on  
"What Can Be Done in the Store"  
by F. K. McNeil; solo, "Let the  
Rest of the World Go By" by Mrs.  
Bernice Carter, accompanied by  
Mrs. Saeger; talk, "Advantages  
of California. Over the Middle  
West," by John Swearingin; piano  
solo by Mr. Sullivan; talk,  
"Helping One Another in Busi-  
ness," by N. C. Smith; selections  
by quartet, Messrs. Morse, Damon,  
Greene and Tolman; selections by  
quartet, Messrs. Hartman,  
Spaulding, Abernethy, Bartholmew;  
reading by Mrs. Provin; awarding  
of three prizes for winners in  
5000 new customers' contest, E.  
C. Pendroy; song, "End of a Per-  
fect Day," by Mrs. Carter.

**Dance After Dinner**  
After the program the wives  
and other guests will join the  
company for dancing from 8:30  
till 12 o'clock. There will be spe-  
cial balloon, novelty and old-fash-  
ioned dances.

All those who did not take part  
in the program will participate in  
an elimination prize waltz contest.

**Officers. Introduction of mission-  
aries.**

**Saturday, July 26.**  
Synodical Society of Foreign Mis-  
sions.

Mrs. Marshall C. Hayes, presiding

9:15 to 10:55 a. m.—Praise  
service. Business. Messages from  
district officers. Report of the  
year.

**Monday, July 28.**

Miss Julia Fraser, presiding.

9:15 to 10:55 a. m.—Prayer.

Minutes. Greetings from Board  
members and officers. Mrs. Lynn  
T. White, Mrs. Louis Engler, Mrs.  
A. I. Aldrich, Miss Robert Barr,  
Colored School training, Rev.  
Hampton B. Hawes, pastor West-  
minster church, Los Angeles.

Among the Russians, Mrs. F. H.  
Jones. Chairman house commit-  
tee, Potrero Hill Neighborhood  
House. Brief messages from  
schools and hospitals among  
other peoples.

**Tuesday, July 29.**  
Synodical Society of Foreign  
Missions.

Mrs. Marshall C. Hayes, presiding

9:15 to 10:55 a. m.—Praise  
service. Business. Address—Dr.  
Robert E. Speer.

**Wednesday, July 30.**

Miss Claribel Williams, presiding

9:15 to 10:55 a. m.—The Story  
of forty-five years. Mrs. Rosa-  
mond S. Goddard. Mrs. Robert  
M. Stevenson. Miss Martha E.  
Chase. Miss Julia Fraser—To-  
day.

**Thursday, July 31.**

Mrs. Marshall C. Hayes, presiding

9:15 to 10:55 a. m.—Praise  
service. Business. Messages  
from missionaries.

## PASSES CENTURY ERE LIFE CLOSSES

Lewis B. Reed Succumbs  
As 100th Milestone on  
Journey Is Reached

Just eleven days ago Lewis  
Benedict Reed passed the 100th  
milestone on his life's journey and  
yesterday, Tuesday, July 22,  
1924, he died at the home of his  
son, Palmer T. Reed, at 2474  
Ridgeview avenue, Eagle Rock.

It was Mr. Reed's determination  
to live to be 100 years old, and  
on July 13 a birthday party hon-  
ored him on the 100th anniversary  
of his birth. Following the party  
Mr. Reed collapsed and he steady-  
ly weakened until his death yester-  
day.

**Interesting Life**

The story of Mr. Reed's life is  
one of intense interest, following  
closely as it did one of the great-  
est centuries in the world's his-  
tory. Mr. Reed was an alumnus  
of New York university, graduat-  
ing in 1843. He was said to be  
the oldest college graduate in the  
world. He had lived in Califor-  
nia for nine years.

Besides his son Mr. Reed is  
survived by two grandsons, Lewis  
F. and Ernest H. Reed, and three  
great grandchildren, Lewis D. and  
Lucille and Priscilla Reed, all of  
Eagle Rock.

Funeral services are to be  
held Thursday afternoon in the  
Little Church of the Flowers in  
Forest Lawn Memorial park.  
Friends are asked to omit flow-  
ers.

## PARK SYSTEM IN VALLEY PLANNED

Committee to Be Appointed  
To Conduct Survey of  
Entire Valley

Plans for a system of parks  
that will serve the entire San  
Fernando valley will be worked  
out by a committee that is to be  
appointed by Dr. W. H. Gundrum,  
president of the Associated Cham-  
bers of Commerce of the San Fer-  
nando valley, according to a de-  
cision reached at last night's  
meeting of the association at San  
Fernando.

It is expected that a represen-  
tative of every Chamber of Com-  
merce in the association will be  
appointed on this committee,  
which will have several months'  
work before it when it undertakes  
its duties.

**Weller Is Speaker**

The report that the Board of  
Supervisors had granted an ap-  
propriation of \$60,000 to be spent  
on the improvement within the  
Glendale city limits was wel-  
comed by the association, as a  
part of the program to expend  
\$700,000 on San Fernando Road  
between the Los Angeles and the  
Burbank city boundaries.

Assemblyman Frank C. Weller  
of the Sixty-first district spoke on  
the duties of citizenship and on  
the need for closer co-operation  
between the various communities  
of the valley, and Harry H. Mer-  
rick, president of the Greater Los  
Angeles Association, spoke on In-  
dustrial Development.

## MAGAZINE SHOWS OLD REO MODELS

Records to 1911 Recalled by  
Figures That Tell of  
Car's Victories

The enduring quality and sta-  
bility of a manufacturing firm is  
exemplified in the strongest pos-  
sible manner by historical records  
that show the consistency of its  
policies over a period of years, ac-  
cording to R. C. Hennessy, of the  
Reo Motor Car company of Cali-  
fornia, Inc., Glendale branch, 126  
South Orange street.

In explaining his statement  
more in detail, Mr. Hennessy said,  
"W. L. Elliott, one of our whole-  
sale representatives, brought in  
the other day a copy of the "Reo  
Echo," published some time back  
in 1911. The "Echo" was the  
predecessor of the present Reo  
factory house organ, "Reo Speed,"  
and contained news articles on  
Reo cars and trucks throughout  
the world.

"The magazine brought in by Mr.  
Elliott carries an advertisement  
on the back cover in which the  
many records achieved by the  
1911 Reo are listed together with  
a reproduction of the Reo tour-  
ing car of that year.

"The magazine also contains a  
photograph of a Reo '20,' with  
Charles Bigelow at the wheel,  
crossing Piu creek in Ventura  
county over what was said to have  
been the only exclusive automo-  
bile bridge in the country. The  
structure consisting only of  
stringers with guard rails and  
open in the center.

"Reo has been building passen-  
ger cars since early in 1904 and  
Speed Wagons for the last four-  
teen years. In all that time Reo  
has maintained faithfully its high  
ideals of design and construction  
and has lived up to its famous slogan,  
"The Gold Standard of Val-  
ues" so that today Reo is produc-  
ing passenger cars, speedwagons,  
parcel delivery trucks and buses  
that have been developed through  
many years of test under the most  
severe working conditions."

The petunia is a native to  
South America.

Advertising In News  
Brings Quick Results

"Quick results through adver-  
tising in The Glendale Evening  
News are positive," declared K. J.  
Smith, of 336 Fairview avenue, to-  
day after he had sold a Ford  
coupe, "and they are truly quick,  
too. I put a small want-ad in  
The Evening News last night, ad-  
vertising a Ford coupe for sale.  
The car was sold this morning.  
I advertised the same car for

four weeks in another local paper,  
but it took The Evening News less  
than one day to produce results."

**Noted Educator Dies  
Following Operation**

PORTLAND, Ore., July 23.—  
Dr. Richard F. Scholz, nationally  
known educator, and president of  
Reed college, Portland, died here  
today at St. Vincent's hospital.  
Death followed five days of criti-  
cal illness after an operation.

**Out-of-Town Readers  
Study Glendale News**

The pulling power of The Glen-  
dale Evening News is shown by  
the experience of A. J. Lucas,  
realty dealer, at 309 South Brand  
boulevard, who ran a mail classifi-  
ed advertisement offering for  
sale a small ranch and a five-room  
house at 1021 Alameda street,  
last week.

The advertisement ran two  
times, and the man who bought  
the property came all the way  
from Covina with a copy of The

Glendale Evening News to snap  
up the bargain.

Others who came to investigate  
the ranch and house included  
eighteen people from Los Angeles,  
and they also had seen the ad-  
vertisement in this paper, several  
of them stating to Mr. Lucas that  
they bought the paper, among  
other reasons, for the purpose  
of keeping in touch with the bar-  
gains in Glendale real estate that  
are offered by local dealers.

Jerusalem is to have a new  
tourist hotel.

### CHAPTER IX

The sky had been lowering and bleak all day; now the first shy flakes of what promised to be a genuine blizzard began to fall upon the packed and dirty snow of Washington Street; lights shone pinkly out across it from the stores, and shoppers began to hurry home, commenting in neighborly fashion upon the weather as they piled bundles into Fords, or gathered up shabby reins.

In the outer office Hilary's alight stove was roaring, and the droplights in their dangle green cones made pools of rich light here and there. She was finishing her letters busily at half-past four when Craig came out of the inner office, lighted a cigarette, and sat down comfortably at Kraut's desk, leaning back in the swivel chair, and watching her idly with smiling eyes.

"Pleasant about that Abbott matter, wasn't it?" he asked her, when she had reached the stamping stage.

"Thrown out of court—yes, he had no case!" Hilary answered, tranquilly, with her friendly smile. But her heart came to an odd stop, twisted, wrenched itself straight again, and went on at double speed. Perhaps this was the beginning—

"By the way, my uncle and aunt may go to the Kronski concert on Saturday night," Craig said, suddenly. "I heard him in New York last week, you know. He made a tremendous hit."

"You told me," Hilary said, wishing desperately that she were one of the women who could always say something bright and unexpected.

"How do you go?" Craig pursued. "On Saturday? We take the two o'clock train for Philadelphia, and have supper there," Hilary answered.

"And it's a great event for you and your little sister?"

"Oh, rather!" She must interest him, she thought, and not sit there answering him stupidly, like a person filling out a blank. "It's her career, you know," she ventured further. "My mother and my father had set their hearts upon Dora's success!"

"Yes, but what do you personally feel about it?" Craig asked, with his keen air of interest. "Do you think the child has the perseverance and patience in her?"

A week ago Hilary would have answered this with a rush of enthusiastic details; she would have given him all her hopes and plans

for Dora in a glad confusion. But she had had her lesson; if he could be reserved, she could be reserved, too.

She hated to remember the few words that had passed between them a week ago. Yet she did remember them, with a flaming face, every night when she was in bed, and many times during the day. It had happened one afternoon when Craig, passing her desk, had looked at Dora's picture—the clumsy old graduation picture of Dora that made her look fat and boyish, and yet that recalled to Hilary all of Dora's beauty and slenderness—and had asked carelessly:

"Where do you and this prodigy of yours keep yourselves hidden, Miss Collier?"

"In the cottage next to the old Carolan house—what they call the Carolan kitchen down Sugarhouse Lane!" Hilary had answered, she hated to remember readily. And she had added, "Why don't you come dine with us some night—we're all by ourselves—and let us play for you?"

"Thank you. That would be delightful!" Craig had said. But between his quiet words and her own Hilary had had time to realize—or perhaps his expression had enlightened her—just the impropriety of such an invitation, and her heart had been sick within her. She was his uncle's employee; she knew his aunt merely in a formal way; she was not even acquainted with the Spaulding house, nor did she move in the Spaulding set.

A town like Mount Holly is merciless in such small social distinctions; full consciousness of her position, she had seemed ready to assume that Craig Spaulding might wish to begin a friendship that would be instantly recognized from one end of the town to the other as highly significant. How could he come to the little house in Sugarhouse Lane from the Spauldings' mansion, where Hilary was not invited and accepted?

Covered with miserable confusion, she had allowed the conversation to end with no suggestion of a definite date for the proposed dinner, and since that day she had burned with humiliation to realize that Craig had not even fancied that his dignity and intractability had been a little more marked than usual since then.

So that today's little overture

## Views and Theatres News Notes

Compiled by Members of The Evening News Staff

"A Mile-a-Minute Kendall" is creating a sensation at the tent theatre of Murphy's Comedians on Stocker street, Casa Verdugo. Its swift movement and rocking comedy seem to make a special appeal to Glendale audiences, for Manager J. A. Menard declares it to be the most popular show yet put on.

The play is rapid-fire from first to last and shows this capable troupe in yet another role that fits them to a "T." Judging from the hit this play is making, it is evidently the light, speedy, dramatic vehicle that carries the crowds today.

"A Mile-a-Minute Kendall" might well have been called "Hurricane Kendall" for the lad surely "spills a meat trail of dust," to lapse into the vernacular of a jazz age, which one instinctively associates with such a peppy, jazzy play.

"That is the only thing that ever worries me," she admitted now. "Dora. She's like my father, you know, and he was restless—moody."

Anything of this sort interested Craig acutely; he had followed up many a charity case, analyzed the personality of the enlisted men under him, marvelled at the miracles of individuality that are incessantly displaying themselves in this curious world.

"Tell me about that—not morbid?" he asked, sympathetically. "Morbidity!" Hilary echoed, cheerfully. "You never saw anybody so normal and so sweet-tempered most of the time! But that's just it," she added, knitting her forehead distressingly, "she's almost too normal. I want her to be a freak," Hilary confessed, whimsically. "Freaks succeed. I don't want her—she's so pretty!—to fall in love with some man."

"You aren't supposed to sacrifice your whole life to your little sister, I suppose?" he added.

"T-t-time to think of that when it c-c-comes!" stammered Hilary. "Why don't you lock your arms about his neck and kiss him, while you're about it?" she asked herself, furiously.

"I don't know why it need be Europe, myself," Craig pursued with interest. "We have some remarkable people in New York now—the war has driven hundreds of them to us. She could do just as well in New York, with her music, I should think. And then—saying for the sake of argument that you married," he smiled brilliantly, "it seems to me that you could do even more for her than you can now!"

ADOPT SWISS MUSLIN NEW YORK, July 23.—A new variety of catch-all bag is here. Of horizon blue homespun it is made in cross stitch—a demure lady in frilled skirts and pantalettes as ornament upon the front of it. The lady has a sunbonnet of ruffled ribbon, from beneath which hangs a little braid of real hair.

ADOPT SWISS MUSLIN NEW YORK, July 23.—Plain Swiss muslin of the old-fashioned kind is chic this season for anything from frocks to hats and underwear. To distinguish it from the Swiss of other years this season's muslin is likely to be white with colored dots.

LATEST GREEN TINT LONDON, July 23.—Among the green tints which are enormously popular today is Epinard. This is much like the spinach shade which its name implies. Almond green this season is less pale and cold than formerly.

By CHARLIE BROOKS HOWARD R. GARIS

(To Be Continued)

## Uncle Wiggily

By HOWARD R. GARIS

UNCLE WIGGILY AND THE SOUR GRASS "Uncle Wiggily! Who—oo! Uncle Wiggily!" called Nurse Jane Fuzzy Wuzzy to the rabbit gentleman one morning, as he was hopping away from his hollow stump bungalow.

"What's the matter?" asked Mr. Longears, turning back. "Don't you want me to go adventuring today?"

"Oh, yes, go by all means," laughed the muskrat lady housekeeper. "But when you come back will you please bring some fresh green clover? I want to bake a pie."

"Indeed I shall bring you some clover!" said Uncle Wiggily with a laugh. "For if there is one thing I like, next to cherry pie, it is clover pie!"

Then the rabbit gentleman hopped on his way to find an adventure, intending, on his way home, to stop at the clover field. Well, Uncle Wiggily did not have much of an adventure that morning. All he did was to help a poor, little lame ant lady jump over a drop of water that was in her path.

"Of course a drop of water isn't much to you," said the ant lady to Uncle Wiggily as he helped her over it. "But to me it is as big as a lake."

Then the rabbit gentleman hopped on his way and soon he reached a green field.

"Here is plenty of clover," he said, twinkling his pink nose. "I shall gather some for the pie Nurse Jane is to bake."

But when the bunny reached his hollow stump bungalow, his paws filled with green leaves, Nurse Jane tasted some and cried:

"Oh, Wiggily, my dear. You have brought me sour grass instead of clover. I can't make pie of this!"

"Sour grass!" exclaimed the rabbit gentleman, as he nibbled some of the leaves. "Burr-r-r!" he cried, making a funny face. "So I have. I didn't notice that I was picking sorrel instead of clover."

But that was what he had done. Sour grass, or sheep sorrel, has leaves shaped much like clover, only smaller. And sorrel is very sour—almost like lemons without sugar.

"Never mind," said Nurse Jane, when she saw how sorry Uncle Wiggily looked. "You're tired. You stay here and I'll get the clover myself and make you a pie."

So Uncle Wiggily sat in the bungalow and Nurse Jane hopped out to get the clover. The rabbit looked at the pile of sour grass on the table and said:

"I may as well throw that out—it is of no use to any one." He picked up some of the sorrel in his paws and took it to the back

door. Just as he opened it, along came the bad old Bob Cat.

"I will make a noise like a little bird," said the Bob Cat to himself. "Uncle Wiggily will open the door to toss crumbs out to me, and I will jump in and bite him."

So the Bob Cat hid near the back door and, making his voice as soft as he could, cried:

"Meow! Meow! Meow! Meow! I'm a poor, hungry little bird!"

And then Uncle Wiggily opened the door and tossed the heap of sour grass right down on the Bob Cat.

"Oh, ho! You're a bird, are you?" laughed the bunny. "Well, I never heard a bird cry 'Meow!' unless it was a cat bird and you aren't that! So scat with you."

And some of the sour grass got into the Bob Cat's mouth and puckered his lips so he couldn't do anything but whistle.

And he was so ashamed at being found out, that away he ran, taking his silly little tail with him. And Uncle Wiggily laughed and said: "The sour grass was of some use after all."

Nurse Jane baked a fine clover pie for the bunny that afternoon and if the sugar bowl doesn't fall down in the salt cellar when it is trying to dance with the butter knife, I'll tell you next about Uncle Wiggily and the rubber plant.

## GARDENA IS NEXT OPPONENT OF SOX

Strong Bay District League Club to Appear Sunday; Hilton to Hurl

If "Gardena" Hilton, hurler for the "Gardena" team of the Bay District league, is working as good next Sunday against the Glendale White Sox as he worked against the Buick Autos recently, the long winning streak of the local team will be shattered, for Hilton turned in a no-hit, no-run game against the Buick aggregation.

Gardena, one of the leading teams of the Bay District league, will be the opponent of the White Sox at the San Fernando park next Sunday. Frank Kerwin, owner of the championship team, had tried to line up the Air Fleet of San Diego, champions of the Pacific coast fleet, or the Sperry Flours, of Stockton, champions of Northern California, for Sunday, but was unable to secure either team for this week.

With an even two dozen consecutive victories tucked under their belt, the White Sox will endeavor to make it a round quarter-century mark Sunday, despite the fact that "Hefey" Hilton, the hurling ace of the Bay league, will be in the box.

Reiger to Pitch  
Elmer Reiger will draw the pitching assignment for the Sox. Reiger was unable to do the mound work last Sunday on account of illness. He was in uniform, but did not go on the field on advice of his physician. From the side lines he watched his young protégé, Vernon Tipton, turn back the Van Nuys team, allowing only six hits.

The Glendale line-up will be the same as usual. "Big Boy" Sullivan will be behind the long. Shellenback will hold down first, Carl Sawyer will look after the keystone sack, Shields will cover third and Hirigoyen will grab 'em around short. In the gardens will be Young, Dorman and Orsatt.

## OPENING GAME IS LOST BY ERRORS

Boners by Welch and Durst Give Angels 4-3 Win Over Indians

For Southland News Service.  
LOS ANGELES, July 23.—For those who do not believe in luck, witness the win of the Hapless Angels here yesterday over the Seattle Indians by a score of 4 to 3. An error on the part of Welch of the latter and a two-base hit on the part of "Tub" Spencer, catching for the former, was the combination that turned the trick.

True, Payne did better than Sutherland, who occupied the box for the visitors, but Durst on a nearly spoiled the party for Payne. Outside of one "Butch" Byler being chased to the clubhouse for arguing with Umpire Reardon, there was nothing sensational to the neck-and-neck contest which busted up in the eighth with Welch staging his faux pas in what might have been a double-play and Spencer doubling with a smack to the scoreboard which rang the bell for the winning run.

With seven scattered hits the Portland Beavers were shut out by Mitchell of San Francisco, whose team mates took the candy away from Leverenz in the third inning with four of 5-to-0 score.

A ninth inning rally won for Sacramento in their tilt with Vernon yesterday, score 8 to 7.

Salt Lake started well with Oakland, trimming them 13 to 9.

## Italian and Egyptian Weight Lifters Tied

PARIS, July 23.—In the Olympic weight-lifting contests today, Galimberti of Italy and Samy of Egypt tied for first place in the two-hand military press, breaking the world's record with 97½ kilos. In the two-hand snatch, Galimberti of Italy won with 95 kilos.

Galimberti won the finals in the middleweight class event with 98½ kilos. Neuland of Estonia was second with 910 and Kikkas of his team-mate, third, with 900; Samy, Egypt, 895; Aeschmann, Switzerland, and Francois, France, 885.

## Angels Are Expecting Ray Grimes Every Day

The officers of the Los Angeles baseball club are considerably worried over the failure of Ray Grimes to report. Grimes was purchased from the Chicago Cubs and President Patrick wired Grimes over a week ago that the terms were satisfactory. Since then the local officials have received no word from the hard-hitting first baseman.

### What's Doing In Radioland

By Southland News Service

The Scouts' Military band and other entertainers will be on the air over KFI between 8 and 9:30 tonight, followed by Hoffman's Hawaiian trio and Art Hickman's orchestra. A varied program for children usually good concert.

Between 8 and 9, followed by the Wampas picture stars, Hollywoodland orchestra and the Ambassador music makers until midnight. No need telling fans that Angelus Temple always has something attractive by way of musical number.

KFI—(Earle C. Anthony, Inc.) 5 to 5:30 p. m.—The Evening Herald.

5:30 to 6 p. m.—The Examiner. Dr. William E. Balsinger, talk on plastic surgery.

6:45 to 7:30 p. m.—Anthony. Program presented by Nick Harris.

7:30 to 8 p. m.—Anthony. Sherdena A. m., marimphone player, and Irene Ebbell, pianist.

8 to 9 p. m.—The Evening Herald.

Concert.

9 to 10 p. m.—The Examiner. All-star motion picture program presented by the Wampas.

10 to 11 p. m.—Anthony. Hollywoodland orchestra.

11 to 12 p. m.—Anthony. Ambassador Hotel Cocoonut Grove Dance Orchestra.

KHJ—(The Times)

6 to 6:30 p. m.—Art Hickman's Concert orchestra from the Biltmore.

6:45 to 7:30 p. m.—Children's program presenting Prof. Walter Sylvester Hertzog, Victoria Louise Kerner, screen juvenile, Dick Winslow, screen juvenile, George Pickney, 13 years of age, steel guitar, and Lucille Westrey, 11, steel guitar, pupils of Anton Chis. Bedtime story by Uncle John.

8 to 9:30 p. m.—Program presented through the courtesy of Chesley Finance corporation at Bell. The Scouts' Military band, R. M. Burns, director. Zarh Myrland, Bickford, mandolin. Vahdah Olcott, Bickford, guitar. Arthur Herman, violinist, accompanied by Zarh Myrland Bickford. Gus Reed, singer.

9:30 to 10 p. m.—Program presenting G. Allison Phelps, speaker. Al Schiller, pianist. The Hoffman Hawaiian Trio, through the courtesy of the Hoffman Candy company.

10 to 11 p. m.—Art Hickman's dance orchestra from the Biltmore hotel.

The crucial series between the Yankees and Tigers is developing into a double-quick for the boys from the jungle. They knocked New York out of first place, winning 3 to 1, and still are running smoothly.

F. Bolen, but owing to the confusion that existed in the minds of a number between B. F. Bolen, James H. Bolen and J. M. Boland, the board elected J. B. Galvin, the second man on the list, by acclamation.

## SHADE OUTPOINTS JOSEPH SIMONICH

Montana Scrapper Is Easy Picking for Dave In Bout at Vernon

Not a drop of blood was spilled and nary a man kissed the canvas in the bout between Dave Shade, California's welterweight contender, and Joe Simonich, Montana scrapper, who came to Vernon last night to dispute Shade's right to meet Mickey Walker. There was no dispute, after it was all over, for Shade showered a few blows on Joe, and Joe pecked away with an occasional right in the direction of Shade's head, but in a while sent his left towards Shade's stomach; but, aside from these few spasmodic moments of action, it was a quiet affair.

Shade provided a tiny bit of excitement in the third and fourth rounds when he consented to uncork a few fast punches. The fracas did not sit well with the fans, who expressed their opinions as the bout proceeded unto the bitter end.

Billy Mascott won a decision over Danny Martin in the semi-windup. It was mainly a matter of height, for Martin, who was in a better position to use uppercuts than elongated Danny was to back down on Billy. Walter Rooney and Jimmy Lanning provided the amusement in the special spot, the mixup being called a draw. Mike de Pinta won over Sailor Masterino. Hank Gatton took one on the chin from Jimmy Danks in the first round, but came back strong, and won the decision. Billy Ryan lost to Toby Montoya. Jack Colburn and Ted Burch got a draw in the opening bout.

## TITLE RETAINED BY CHICK EVANS

Defeats Bob White One Up At Hinsdale; Contest Taxes Strength

HINSDALE COUNTRY CLUB, HINSDALE, Ill., July 23.—Charles "Chick" Evans, one of the most prominent golfers in the world, defending his western amateur championship title here today suffered a near collapse following his match with Bob White, due to the intense heat. He was put to bed at the clubhouse following the round and still was resting at 2 p. m. His caddy said the former national amateur, who opened championship of feeling "wobbly" at the eleventh hole. He defeated Bob White at Olympia Fields, one up, winning on the home green.

It was one of the toughest fights Evans has had in many years. Young Bob White's play before him today the complaint of the tournament director, the boy who only two years ago, won the high school title, hung to the old master like a leech. He outdrove Evans most of the way and most of the time outlucked the winner on the greens.

At one time the youth had Evans two down. It was at the eleventh, "Chick" laughingly reversed his cap for luck and then won three holes in a row.

## Vancouver Sportsman Claims Broken Pact

LOS ANGELES, July 23.—President Harry Williams of the Pacific Coast baseball league had before him today the complaint of R. E. Brown, Vancouver sportsman, that H. W. Lane, owner of the Salt Lake club, had broken an alleged agreement to bring his players to Vancouver. Brown threatened to take the matter before the National commission.

Brown told Williams that Vancouver is enthusiastic over entering the league and that funds were ready to take over the Salt Lake club at any time. He said Vancouver intended to make Lane hold to the asserted agreement.

That Lane had no right to agree to the pact with the Canadian city and then change his mind.

## Smothers Babe; Ships Remains In Suit Case

PHILADELPHIA, July 23.—Authorities today are investigating the story told the police at Darby, a suburb, last night by Elizabeth Serber, 29, a nurse, of how she smothered her newborn baby a week ago, packed the body in a suit case, checked it at the Camden, N. J., ferry station and then sent a note to the alleged father of the child, telling him to claim the body.

The body was discovered when a youth called for the suit case. He said he had been sent for it by John Savage of Camden, N. J., to whom Miss Serber is alleged to have sent the receipt check.

Train dispatching by telephone is rapidly supplanting the use of the telegraph.

An envelope capable of being used for sending and returning mail matter has been invented.

Italy's peanut crop this year weighs 1,078,000 pounds.

## BLACK TELLS OF TRIP TO ALASKA

Territory's Scenic Wonders Appeal to Visitors on Northern Journey

The wonders of Alaska in the summer time are being described by Mr. and Mrs. David Black and Miss Esther Black of 250 Kenneth road, who arrived home Saturday from a motor trip north as far as Seattle, Wash., and a cruise as far as Skagway, Alaska. They were away from Glendale a month.

Sailing from Skagway on the Alemeda with a party of Los Angeles people and others from eastern states, the Blacks enjoyed a trip featured by pleasant weather, wonderful scenery and interesting experiences. They stopped at Wrangell, Juneau, Petersburg, Sitka, Ketchikan, Metlakatla and from Skagway went on to the White Pass railroad to Bennett's lake.

### Scenic Beauties

Mrs. Black tells of the beauty of the scenery, the pine trees growing clear down to the water's edge. She also states that wild flowers were seen in abundance and also cultivated flowers. As they cruised along they also saw many waterfalls.

In Juneau they were invited with others to a reception at the home of Governor Bone. They say they were surprised to find so many automobiles in Juneau and other cities. All cities are electrically lighted.

### Inspect Glacier

They especially enjoyed visiting two glaciers near Juneau and seeing the Taku glacier while cruising. Their boat drew up within an eighth of a mile to the Taku glacier, which extends miles inland, is a mile and a half wide and 300 feet high. When the whistle on the boat was sounded, the echo was prolonged and distinct and caused ice to fall from the glacier.

Returning to the United States, the Black family visited in Berkeley, the Santa Cruz mountains and other places before coming south to Glendale.

## FIRE UNIT WILL HEAR FORESTERS

Dunwoody and Flintham to Speak at Meeting in Council Chamber

Matters of vital importance to the protection of the territory immediately adjacent to Glendale from forest and brush fires will be discussed tonight at a meeting of the Glendale unit of the Angeles Forest Protective association in the council chamber of the City Hall at 7:30 o'clock.

Among the speakers will be C. G. Dunwoody, president of the association, and Stuart J. Flintham, county forester, who will deal with the measures to be taken to guard Glendale and its adjacent territory from fires, together with the best means to combat any outbreak that may occur.

Other speakers who are expected to attend are Chief Deputy City Forester Graves and Harold Butterworth of the Pasadena unit of the association.

F. J. Hayselden, chief of the Glendale unit, is anxious that interested in Glendale who is interested in the protection of the city should turn out and hear the addresses that will be delivered. The crew leaders and the members of the various local units will be on hand to hear these fire-fighting experts, and the meeting tonight is expected to mark an important forward stride in the plans of the local organization to meet any emergency that may arise.

## Standings Announced In Contest for Queen

An interesting announcement coming at noon today from the carnival and industrial show sponsored by the Thursday Afternoon club at San Fernando road and South Brand boulevard, is of the number of votes recorded to date for the contestants for the place of queen.

Marjorie Gilhuly heads the list with 1750 votes. Alice Caudle, 1390; Audrey Haines, 1050; Sally Trump, 907; Adele Lloyd, 904; Golden Bender, 475; Bessie Aber, 450; Polly Richmond, 420.

## McHenry, Cincinnati Hurler, Joins Seals

Pete McHenry, former Cincinnati and Los Angeles pitcher, has been signed up by Manager Bert Ellison of the San Francisco Seals. McHenry has been twirling for a Valley League club and believes that he is in shape to make a comeback.

The Braves won the first from the Cubs but dropped the second when Hartnett aided his team-mates with a couple of homers.

## Bond Committees Give Final Reports

(Continued from page 10)

values rising and available sites being subdivided, now is the time to secure property for parks and playgrounds.

"With the above facts in mind after making an exhaustive survey, your committee recommends a bond issue of \$157,500 to purchase parks on the basis as described below:

"The sum of \$122,500 for the purchase of 25 acres in a beautiful canyon on what was formerly the Ross ranch. This plot is especially desirable because of its proximity to good paved streets and its large number of very beautiful oaks. A natural amphitheatre may readily be converted into a place for the production of pageants and for band and orchestra concerts. At a minimum expense this park can be made one of the beauty spots of Southern California.

"The sum of \$35,000 to be used in purchasing a small park in the south part of the city. No site has been selected at the present time, but your committee feels that that section of Glendale is entitled to a park and recommends that the above sum be included in order that the steps may be taken immediately to acquire the ground as soon as it is selected. We are confident that this sum will purchase sufficient acreage for a splendid neighborhood park.

"Respectfully submitted,

"SPECIAL PARK BOND COMMITTEE.

"L. H. WILSON, Chairman,

"MRS. C. H. WHITNEY."

The minority report was read and signed by Rudolph Streit, representing the West Side Improvement association, after the majority report had been read by Mr. Wilson. In this report, Mr. Streit asked the committee of the whole to go on record as not being in favor of any park purchases at the present time, but in the discussion which followed, he said he was willing to have the proposed park bond issue split, so that the questions of a park for the south part of the city and a park for the north part of the city would be separate issues.

He suggested turning down all park purchases in favor of the proposed civic center, and also recommended that the city convert the reservoir on East Maple avenue into a swimming pool, with the adjacent land as a playground. Such a move would give Glendale the largest municipal swimming pool in the United States, he said.

### Minority Report

Mr. Streit's minority report follows:

"Resolution—That the committee of the whole go on record as not being in favor of any park purchases at this time, and recommend that this proposed park bond issue be left out of the bond issue ballot.

"Reason—In carefully considering the proposition I beg to submit the following:

"That the city of Glendale is, and will be principally a city of homes, and that the great majority of their residences are owned by the occupants; each household practically has his own private little park and his backyard; in fact, a traveler through the city of Glendale is at once struck by the fact that the whole city is just like one big garden. Breathing spaces or parks, such as we find in large industrial centers, are absolutely necessary in congested areas like Chicago, New York, Pittsburgh, Cleveland, Cincinnati, St. Louis, etc., but in a suburban community with an all-year round outdoor climate such as we are proud to have here, these breathing places and lungs of the city are not essential.

"With the possession of the Patterson Park, Rossmore and Glen Oaks, besides the magnificent vast recreation ground of Griffith Park at our very doors, I consider it unwise to burden the city with additional taxes, when we are fortunate enough to be able to go without.

"I recommend the turning down of this proposition in favor of the civic center purchase.

"I would also suggest an alternative, and that is a recommendation to the city council that the old reservoir on East Maple street be converted into a swimming pool and the grounds surrounding it owned by the city, be transformed into a playground for children, which would give us a small park and gigantic swimming pool of which the city may well be proud, which can be done without a bond issue, as the city owns the ground, the cement pool is already in place, and the cost would be insignificant compared to the value of advertising which Glendale would derive from being the proud possessor of the largest swimming pool in the United States. Moreover, as there will be at least five or six bond issues on the ballot this fall, I am afraid that this park purchase bond will be defeated for this reason; and I think it poor judgment to recommend something on which we know beforehand that it will be repudiated.

"RUDOLPH STREIT,

"Per West Side Improvement Association."

D. H. Smith, representing the Kiwanis club, presided as general chairman, and Mrs. Frank Welser, representing the Tuesday Afternoon club, officiated as secretary.

William E. Pelley announced at the meeting that the Sierra Avenue Improvement association, which he represented on the committee, and the name of the organization was changed to the Glen Oaks Improvement association, and asked that the records be changed accordingly. Mr. Pelley said he was elected chairman of the new association, and A. B. Cleveland was named secretary.

The next meeting of the Citizens' Bond committee, when the

## REAL ESTATE FOR SALE

## GLENDALE PROPERTY

## TWO HOUSES ON ONE LOT

Here are three opportunities to purchase two homes for the price of one:

The First is close in, one 4-room and one 3-room, thoroughly modern houses, so built on the lot that each has an unobstructed view of the street. These houses have never been offered before for less than \$3000—BUT TODAY \$2200 AND \$1800 DOWN WILL BUY THEM.

The Second is a Hillsdale Location, 1/4 acre of ground (77x435 feet); plenty of fruit and good garden—besides lawn, ornamental shrubs, etc.; a Good Chicken Run also. The two houses on this property are new, attractive, 4 rooms in front and 3 in rear—each has a full bath, and is thoroughly livable. The rear home has a brick fireplace. There are good possibilities here, as there is every likelihood of street widening on the rear of the lot. The Price is \$8400—Owner would trade for good Glendale duplex.

Two 4-room Houses, on corner lot, close to school, near Colorado St.; each faces a street; these houses are furnished and a splendid rental proposition. Owner paid \$17,000 for them, but personal reasons will take \$12,500, reasonable cash payment.

These are all regular Dietrich specials, and worthy of your consideration

Dietrich REALTY CO.

133 1-2 S. Brand Glen. 2921

1-2 Phone Glendale 2550-W

## SOMETHING DIFFERENT

You may have looked at many of the five-room houses which are being offered at approximately \$6500. If so, you will be in a better position to appreciate just how much more you are being offered in this house, which is being advertised for the first time today.

The location is ideal. Close in, and yet in a restricted locality, with a fine view around it. Wonderful view of the mountains.

Construction is the best. Not built by ordinary contract labor, but instead, by a skilled builder, who has done everything himself, and who takes pride in his work. Colorado style, with a fine view around it. Wonderful view of the mountains.

Everything is in place. Dining room, living room, kitchen, bathroom, electric washer, broom closet, etc. The bed rooms are large, with plenty of closet space. The living room is large, with a fireplace, and a view of the mountains.

You can't find the equal of this house in Glendale for the price. \$6500. \$2000 cash payment will handle it.

Glendale Realty Co.

### Cleveland Auto Men Show Sales Increase

CLEVELAND, July 23.—Cleveland automobile dealers report a 20 per cent increase over last year in retail sales during the months of April, May and June. This is noteworthy, according to Herbert Buckman, manager of the Cleveland Automobile Manufacturers and Dealers Association, in view of the slackening of general business. The figures are based on bills of sale at the county clerk's office and show 12,762 new cars sold during the quarter compared with 10,713 in the corresponding period last year. The total for the half year was 17,900. If used cars sales were included the total would be

### Beating Schedule on Continental Tunnel

DENVER, July 23.—The Moffatt Tunnel Commission, directing the boring of a six mile tunnel through the Continental divide, reports the work probably will be completed eight to ten months earlier than anticipated and will be kept within the appropriation of \$7,000,000 of which \$2,598,054.91 already has been spent. The anticipated date of completion is August 1, 1926.

News Want-Ads Bring Results  
doubled. Dealers say the automobile manufacturers look for a reasonable amount of business in the last half of the year.

## CONSOLIDATE TWO BEAUTIFUL ADDS TO DISTRICT BODIES OLD FOLKS' JOYS

Sierra Avenue, Glen Oaks Arbor Rest Home Provides  
Associations Merged Happy Atmosphere for  
At Meeting Aged Residents

The feature of the meeting held last night by the Sierra Avenue Improvement association at the home of William E. Pelley, 2218 Sierra Avenue, was the consolidation of the Glen Oaks district with the Sierra Avenue district. At this time a general reorganization was effected.

It was decided after considerable discussion to change the name of the association to the Glen Oaks Improvement association. This was followed by the election of officers. William E. Pelley, former president of the Sierra Avenue Improvement association, was re-elected president and A. B. Cleveland of Oak Vista Drive, was elected secretary of the newly formed association.

The Citizens' Bond Committee was explained by the president, who is also a member of that organization. Proper fire and police protection for this district was also discussed at some length.

**Oppose Changing Name**  
During the meeting the Glen Oaks Improvement association went on record as being opposed to any change in the name of Sycamore Canyon Road, especially within the Glendale city limits.

The association will meet next Tuesday night, July 29, at the home of Mr. Pelley, 2218 Sierra Avenue. All residents of this district are urged to be in attendance at this meeting.

**Beautiful Location**  
This home is beautifully located in the northeast part of Glendale at the foot of the Verdugo Hills and contains forty rooms, with a bungalow court addition, rose covered arbors surround the home together with trellises of beautiful foliage, avocado trees and old-fashioned flowers which in every sense of the word suggest rest, health, as well as contentment. The many convalescents who are brought to this home are quickly restored by the beautiful atmosphere and the loving and careful nursing and attention which they receive.

Every comfort and pleasure are given to the guests of the home, even to daily drives over the city and into the country where a new lease of life may be obtained and it is because of the courtesy and comfort which Mr. and Mrs. Grant give to their guests that the Arbor Rest Home is filled from year to year.

Automobile license plates issued in California this year carry 1,000,000 pounds of tin and steel.

show that Nathan Leopold, Jr. and Richard Loeb are sons of wealthy parents, who gave them every advantage that money could buy.

"Evidence further will show they acted much as other young men in their class, except that they gambled for large sums."

"The evidence further will show that about last September these two men entered into a conspiracy to kidnap the son of some wealthy man as a means of securing money to meet these obligations."

Attorney Crowe continued to trace the process of the alleged conspiracy from its inception to the hiring of the automobile used in the crime and the arrangements made for escaping detection.

**Private Evidence**  
Attorney Crowe, interrupting the course of his address, advised the court that "certain evidence will be offered privately, inasmuch as its nature prevents its recital in open court."

This evidence, Attorney Crowe said, will have an important bearing on the case.

In concluding his address, Attorney Crowe declared the prosecution would show that all acts in the crime took place in Cook county, Illinois, at that time after the defense had finished the state would demand the death penalty for the defendants.

Attorney Crowe finished at exactly noon, and Clarence Darrow, chief of defense counsel, immediately took the floor and started his argument.

**Darrow's Address**  
Darrow opened his address by declaring that the defense would show that the crime was not committed in the manner which has been published.

"Terrible as this murder is, terrible as is any killing," he continued, "it is no less a crime than two boys of the tender age of these defendants should be hanged by the neck."

Mr. Darrow charged that public sentiment was inflamed against the defendants and that the lust for their blood was racing through the nation.

He spoke but ten minutes, sometimes raising his voice so that it re-echoed about the court room but mainly speaking in a quiet tone.

### Asks Death Penalty For Leopold, Loeb

(Continued from page 1)

mitten in the manner which up to this time virtually has been taken for granted.

**Unexpected Witness**  
Another witness unexpectedly called to the stand by the prosecution was Mrs. Jacob Franks, mother of the boy for whose slaying Leopold and Loeb today are on trial for their lives.

She looked at her questioners dully, as she sat straight up in the witness chair, her gloved hands playing nervously with the folds of her dress.

Her responses were made in a low tone of voice which barely carried to the jury box.

And, as the questions bore on her boy leaving home alive, and of the subsequent finding of the body, her voice wavered, tears welled into her eyes and nearly overflowed down the face, lined with grief. She trembled as the state's attorney asked her to recount her last conversation with her boy, slumped slightly in her chair and appeared on the verge of collapse.

**Both Judge and Jury**  
The trial is stripped of preliminaries because no jury will hear the evidence and State's Attorney Robert E. Crowe promised to hold his opening statement within two hours. Judge John R. Caverly, chief justice of the Cook county criminal court, was both judge and jury. The trial is most unique in that respect.

Leopold entered, walking slowly, a bailiff at his side. Behind him followed "Dickie" Loeb. Both were dressed nattily. They appeared nervous, however, as they sat in their chairs waiting to be called. Loeb played with his necktie as he half twisted about to survey the spectators.

**Talks in Low Tone**  
Then Judge Caverly spoke in low tones which hardly carried to the jury box. It was impossible for those outside the rail to hear. "At the proceedings Monday the proper formality was not complied with," he was heard to say, "and for this reason I call Nathan F. Leopold."

Leopold stood up and walked to the bar.

"Are you Nathan F. Leopold?" Judge Caverly said.

"Yes, your honor," Leopold replied in steady tones.

Judge Caverly then addressed the defendant in low voice.

Counsel for both prosecution and defense gathered at the bar around Leopold, while the judge read the indictments charging the kidnapping for ransom and murder. Loeb was called for a similar proceeding.

The reading of the indictments finished, preparations for the actual start of proceedings were made.

**Hints at Gambling Debts**  
The need of large sums with which to satisfy gambling debts was the motive in the slaying, it was charged here today in the opening address of State's Attorney Crowe, at the hearing which may send the boys to the gallows for the killing.

Prosecutor Crowe did not dwell on this as supplying of a motive in the "crime for a thrill," but continued on tracing the developments of the case and outlining the evidence in the hands of the prosecution. He said:

"Evidence in this case would

## Solving the "Mystery" of Disease

By C. H. Woodward

**Part of the Cost**  
ACCORDING to careful estimates, every year in the United States:

66,000,000 people are confined to their beds by illness some time during the year.

8,900,000 or more spend an average of three weeks in some hospital.

35,000,000 industrial workers lose at least seven days from illness, with an economic loss (at \$3 a day) of \$735,000,000.

### What Is Disease?

Disease is merely altered function. It is a departure from the normal. Disease exists only because of a violation of the law of life.

### Four Causes of Disease

The four causes of disease are: Denatured Food, Denatured Air, Denatured Water and Violence—any interference with the natural functions of the body, such as a blow, or pressure which obstructs the flow of the blood, or a break of the protecting skin.

Since there is comparatively little denatured air and water, and little violence greatly affecting mankind as against denatured food, it must be that most of the manifestations of disease are due to denatured food, or the lack of natural food.

### The Law of Life

The law of life is replenishment. The law of life is the law of health. We breathe to replenish; we drink water to replenish; we eat to replenish; we exercise to replenish and we sleep to replenish.

With every heart beat the blood is sent coursing through the body to deliver to the life cells the sixteen elements, namely phosphorus, lime, magnesium, potassium, sulphur, carbon, nitrogen, manganese, iron, sodium, iodine, oxygen, hydrogen, fluorine, chlorine and silicon, all of which in balanced relation are absolutely necessary for healthy existence.

Every instant the blood's function is to supply these elements throughout the body as needed.

Obviously, the blood cannot continue to supply them unless they are constantly put back into the blood.

What we do when we eat, if we obey the law of life in eating, is to restore what the blood has given up. If we do not so eat, the blood will not be replenished and ill health is inevitable.

### Life's Five Fundamentals

Natural air, natural water, natural food, natural exercise and natural sleep are essential to the natural continuity of all life.

Deprive any living creature of natural sleep and its functions will become altered and death will inevitably follow.

The same result occurs when natural air, natural water, or natural exercise are denied.

As everyone knows, the same thing happens when any living creature is deprived of natural food. But, the secret of most of the disease—altered function from which mankind suffers, is that it has attempted to substitute unnatural or denatured substances for natural food.

No one would tolerate the substitution of unnatural or denatured air, or polluted, denatured water, and few will accept unnatural sleep.

Man has shortened his existence through his unthinking use of unnatural or denatured food.

### The Great Discovery

Natural wheat is the best single natural substance known to man because it alone contains every identical element daily required for the replenishment of the blood stream.

Wheat is the most widely grown foodstuff and for that reason it would appear reasonable to believe that it was intended by the Creator to be eaten freely by man, and without denaturing.

In the common cooking of foods the combination of the heat and the oxygen of the air operate to change their character by distillation, precipitation, oxidation and evaporation and the destruction of the vitamins.

The Whole Grain Wheat Company of Chicago has discovered and perfected a method of cooking natural wheat without denaturing it through the effect of any of these forces. Neither distillation, precipita-

tion, oxidation or evaporation takes place in the preparation of WHOLE GRAIN WHEAT.

It is natural wheat cooked ready to eat in its full potency as a replenisner of the blood for the first time in the history of the world.

### The Remedy, the Solution

Most of the manifestations of disease coming from what we put into our mouths or fail to put into our mouths, then disease can be corrected by correcting what causes it. That is why, when those who are ill start using and continue to use WHOLE GRAIN WHEAT twice a day, they find that their goitre gradually disappears, or their diabetes ceases to exist, or their cancer leaves them. It is a perfectly natural process.

When the life cells begin to get the 16 elements in balanced combination which they must have to function naturally, then they tend to return to their natural functioning, and, as they do, the disease, which is merely a manifestation of their unnatural functioning, disappears.

There is not much mystery to the cause of disease in the light of this fact.

But, skeptical humanity looks for the complex and overlooks the simple, obvious things too often.

### A Remarkable Guarantee

Because of this skeptical attitude WHOLE GRAIN WHEAT is sold under the definite and literal guarantee that the user will benefit markedly both mentally and physically, if he or she eats it twice a day for 24 days, and, if after so eating it he or she does not think that such benefits have been received, markedly, mind you, the purchase price will be returned without argument, the user to be the sole judge.

### Where Obtainable

WHOLE GRAIN WHEAT is available only through the local Food and Health Clinic or distributor in each community, and in cases of one dozen tins (sufficient for 24 days for one person) at \$2.25, or in cases of four dozen at \$8.30, delivered.

Ask the Food and Health Clinic how you can step out of the stagnation of disease into the joy and power of health and take from eternity the Time that is rightfully yours.
